To Whom It May Concern:

James Caron was instrumental in obtaining a favorable verdict for us in cause no. 26356, *Chambers County, Texas v. Pelco Construction, Inc.*, in the District Court of Chambers County, 344th Judicial District of Texas. The Plaintiff sought over \$400,000.00 in damages and, in part because of Mr. Caron's assistance, the jury awarded only \$150,000.00.

Mr. Caron was extremely helpful in gathering and analyzing the data that we needed to establish weather damage to the construction site in issue. I recommend Mr. Caron's services as an expert witness.

Sincerely,

Etta Davidson
