To Whom It May Concern:

I strongly recommend inviting certified consulting meteorologist, Mr. James Caron, to speak at your company or independent function. Mr. Caron was the key note speaker at the Fugro Chance Inc. (FCI) May safety meeting comprised of approximately 75 people. His experience, knowledge, articulate abilities, enthusiasm and humor were evident when he informed us of the importance and inner workings of hurricanes, hurricane preparedness, and the weather.

Mr. Caron received more praise from the FCI audience than any other previous FCI key note speaker. Mr. Caron and his presentation were discussed for days following his visit, which is not a small feat given FCI's quick pace. I highly recommend Mr. Caron as a key note speaker and believe that an equally impressive experience will occur when Mr. Caron presents at future speaking engagements.

Sincerely,

FUGRO CHANCE INC.
