To Whom it May Concern:

I have used Dr. Victor Poletajev in at least 50 Workers' Compensation cases in the last 4 years or so, and have found him to be very professional, competent and helpful. His reports are comprehensive, precise and are promptly sent.

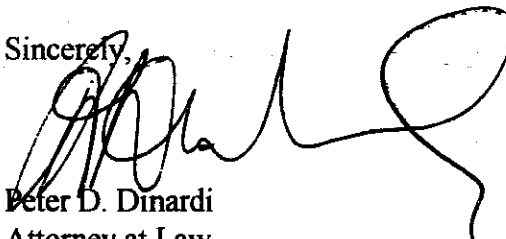

Every client that I have referred to him has had only positive things to say.

In particular, I had one case where Workers' Comp found no permanent impairment in a client; I sent her to Dr. Poletajev and he found a 31% impairment.

My client was subsequently awarded a 31% award based on his report.

I am always pleased with his results. Please feel free to contact me if you have any questions.

Sincerely,

Peter D. Dinardi
