PROFESSIONAL CREDENTIALS

Licensed Professional Engineer, State of Missouri, 1973
Licensed Real Estate Broker, State of Missouri, 1974

EDUCATION

Bachelor of Science, Mechanical Engineering, University of Missouri, Rolla, MO
Masters of Business Administration, Washington University, St. Louis, MO

PROFESSIONAL MEMBERSHIPS AND AFFILIATIONS

National Society of Professional Engineers
St. Louis Engineers' Club
American Water Works Association
National Association of Water Companies

Project Management: Project Manager for construction projects for 25 years. Have handled all phases including conceptual design and budgeting, planning and zoning approvals, building permits, engineer selection, plan review, contractor selection, on-site coordination, invoice approvals, and verifications. Many projects completed while keeping facility in-service.

Projects: Projects have ranged from simple single-story structures, tanks and pipelines to complex projects, which included various types of: foundations (spread footing, piling, slab-on-grade); construction materials (masonry, wood frame, structural steel); chemical feed systems (liquid and dry chemical); and electrical systems (computer controlled systems and 4160 volt systems).

- Water/Wastewater Treatment Plants
- Chemical Storage Facilities
