Diversified Experience in a wide variety of Safety, Security & Protection related specialties including such as: Investigation, Reconstruction & Analysis of Accidents & Injuries, Property Damage, Fire Investigations (Cause & Origin, Arson), Electrical Safety, Falls, Product Safety issues, Mechanical Failures, Machine Guarding, Machinery & Equipment Operation, Human Factors Safety issues, General & Public Liability, Personal Injury, Workers' Compensation, Industrial, Construction, Agricultural Safety, OSHA (Occupational Safety & Health Administration), Ventilation, Health-Care Safety, Slips, Trips & Falls, Warnings & Instructions, Transportation, Traffic & Highway Safety, Railroad Safety - & FELA Cases, Boat & Marine Safety - & Jones Act Cases, Private Aviation Safety, Material Handling, Cranes & Fork Lift Trucks Safety, "Right-To-Know" Provisions, Hazardous Materials Safety, Premises Liability issues, Handicapped/Disabilities Accommodations & Facilities, ADA (Americans With Disabilities Act) Provisions, Retail Stores & Facilities Safety & Security, Lodging, Recreation & Amusements Safety, Food Service Safety, Ladder Safety, Scaffolding Safety, Safety related Codes, Standards, Statutes, Guidelines, etc., Safety & Security Training & Loss Control Program Management, Auditing & Risk Evaluation, Negligent Hiring & Retention, Property Planning, Development & Management Safety, & other related Litigation Support Services, in connection with Plaintiff and Defense type Cases, Depositions, Trials, Mediations, and Arbitrations.

Various Certifications, Registrations, & Licenses, as shown on the First Page of the Resume: CSP # 4729, PE (California) #SF-1042, & PE (Massachusetts) #38200, CPSM #37, CHCM #174, CHSP #461, CHMM #405, CSE #234, CSM #237, CSS #30001, CSSLCS #209, CSSD #204, CHME #78, RSD #111, CFEI #2647-2555, CFII #2647-2555I, CHS #1074, OACSI #05-3275, DABFET #1074, DAACCE #201, also - Florida Licensed Private Investigator #C-99-00364, and Florida Licensed Private Investigation Agency #A-27-00160

PROFESSIONAL MEMBERSHIPS, LICENSES, & CERTIFICATIONS HELD, & SPECIAL HONORS & AWARDS, CIVIC & EXTRACURRICULAR ACTIVITIES:

American Society Of Safety Engineers - Professional Member; Charter Member of Consultants & Industrial Hygiene Divisions; also Member of Engineering; Management; Construction; Healthcare; Environmental; Public Sector; International; Technical; & Risk Management; & Insurance Divisions; as well as Transportation; Mining; Manufacturing; Hospitality; Fire Protection; Academics; & Training Divisions of A.S.S.E.

National Safety Management Society - Former Nat'l. Vice President for State Of Florida, Membership # 0005, and N.S.M.S. - - Certified Safety Supervisor # 30001.

National Institute For Farm Safety, Inc. - Charter Member; and of Various Committees.

International Loss Control Institute - Member past Accredited Safety Auditors, Inc. #160.

National Forensic Center - Safety Expert Member, listed in Forensic Services Directory, & in Legal Computer Systems of Westlaw, Lexis, Nexus, Butterworth, & Eurolex.

Member, National Systems Safety Society, & Florida Chapter of Systems Safety Society.

Veterans Of Safety, International, & Florida Chapter of Veterans Of Safety - Member.

Florida Affiliation Of Insurance Safety Representatives - Former Member Board Of Directors, and Instructor.

Center For Auto Safety - Member Product Liability Research Service, listed in Experts Data Base.

Northeast Florida Safety Council - Former Marion County Rep. on Board Of Directors.

National Safety Council Instructor - Defensive Driving Course, and Fork Lift Truck Operator Safety.

American National Red Cross Instructor for C.P.R. & Multi-Media First Aid Courses.

American Civil Defense Association & Journal Of Civil Defense, Formerly President & Chairman Of The Board, & on The Editorial Committee.

Member of the Space Coast Chapter of National Human Factors & Ergonomics Society.

Florida Farm Bureau Federation - Safety Representative in Former Safety & Loss Control Department.

Member of the Marion County Farm Bureau.

Member & Safety Representative of the Gainesville-Ocala Claims Association.

National Emergency Number Association (NENA) (911) - Member

Member of the Reserve Officers Association.

The Retired Officers Association - Retired from U.S. Air Force as Lieutenant Colonel.

World Safety Organization - Member, & I hold 6 Certifications issued by WSO.

National Fire Protection Association (NFPA) - Member. #A30325570000.

National Association Of Fire Investigators - Member #2647.

Certified Fire And Explosion Investigator #2647-2555.

Certified Fire Investigation Instructor #2647-2555I

Florida Advisory Committee On Arson Prevention (FACAP) - Member.

Southern Building Code Congress International (Standard Building Code) - Member.

Lions Clubs International - Member Ocala Ft. King Lions Club.

Past Vice Chairman of Safety Committee of Ocala-Marion County Chamber Commerce.

Greater Ocala Area Public Safety Commission - Former Chairman, & Vice Chairman.

Member Institute Of Hazardous Materials Management and Academy Of Certified Hazardous Materials Managers.

National Association Of Railroad Safety Consultants & Investigators - Member.

OSHA Authorized Construction Safety Instructor (OACSI #05-3275).

3.

Continuation of Professional Memberships, Licenses, Certificates, Honors, etc.

The American College Of Forensic Examiners International, Inc. - Member & Charter Designee as DABFET.

The American Board for Certification in Homeland Security #1074.

Diplomate Of The American Board Of Forensic Engineering & Technology #1074.

Diplomate Of The American Academy Of Certified Consultants & Experts #201

FCC Radio-Telephone Operators Permit #5C7934.

State Of Florida Licensed - Life, Health, Annuities & Legal Expense Insurance Agent #A024820.

National Association Of Fraternal Insurance Counselors ("FIC") - Past member Florida Board. Of Directors.

FAA Licensed Pilot for Land & Sea Planes #1364208; & FAA Certified Aviation Ground School Instructor #1362262, with Ratings in: Aircraft Engines, Aircraft (Airframe and Principles Of Flight), Navigation, Radio (Radio Navigation), Meteorology, and Federal Air Regulations.

PUBLICATIONS & PRESENTATIONS:

Over the years, since 1955, I have written numerous articles on Safety and Fire Prevention related subjects, for various publications in the: Military, Industrial Commission of Ohio "Monitor" monthly Safety magazine, University Of Florida monthly "Safety News Bulletin", the Ohio Farm Bureau News, The Florida Farm Bureau "Florida Agriculture" newspaper, and have prepared various items of Safety Literature for seminars, including the National Safety Congress, National Institute For Farm Safety, Inc., National Fertilizer Safety School, National Hurricane Preparedness Conferences, & the U.S. Civil Defense Council, & have served as Guest Lecturer/Instructor in Safety Engineering Course of the College of Engineering at the University of Florida. I have served as Safety Consulting & Technical Contributing Author for the nationwide Aware Communications, Inc. headquarters in Gainesville, FL

EDUCATION:

High School	Williamsburg High School, Williamsburg, Ohio
College	Ohio State University, Columbus, Ohio 43210
	College Of Agriculture – Education – w / Vocational Teaching Certificate,
	Degree - Bachelor of Science - 1955 Graduate.
	Wilmington College, Wilmington Ohio Communications Courses - Extension
	Program.
	Georgia State University - International Loss Control Institute-Safety Consulting
	& Auditing.
	Insurance Institute of America - Basic Insurance, & Safety/Loss Control
	Management Courses.

Valdosta State University, Valdosta, Georgia Disaster Preparedness & Loss Mitigation Courses.
National Safety Council -Various Safety Courses, O.S.H.A. & Dept. Of Energy – Safety Courses.
U.S. Army - Various Courses.
U.S. Air Force - Numerous Courses.
Others: (As listed Further). 4.

PROFESSIONAL DEVELOPMENT SAFETY & MANAGEMENT RELATED COURSES, CONFERENCES & SEMINARS IN WHICH I HAVE PARTICIPATED AS A STUDENT And/Or INSTRUCTOR: **Herbert T. Bogert**

1950 -1955 Ohio State University - Graduated in 1955 from the College of Agriculture, with major in fields of Agricultural Education with Agricultural Engineering. Graduated with Bachelor of Science Degree, Vocational Teaching Certificate for Ohio, and Commission in U.S. Army Transportation Corps. (Listing of Courses available on request)

1955 - 1957 Numerous professional safety related training courses have been taken from time to time while on active duty in the U.S. Army Transportation Corps., U.S. Air Force, & the Reserve Forces of each of these branches of the Military Service.

Training Courses while on Military Duty have included:

Transportation Officers Course, covering all phases of transportation business operation & Business operation & management; Aircraft Maintenance Officers Course, including Helicopter Maintenance. Federal Aviation Agency Certified as Aviation Ground School Instructor for Aircraft Engines, Airframe & Principles of Flight, Navigation, Radio Navigation, Meteorology, & Federal Air Regulations, thru various training courses in the Military.

In **1957** while on U.S.Army active duty, became licensed by the Federal Aviation Agency as a Land & Sea Plane Pilot, & F.A.A. Certified Aviation Ground School Instructor.

1961 - 1962 Participated in Safety & Safety Management Course development, of the Industrial Commission of Ohio, Division of Safety & Hygiene, and it's now widely utilized "Supervisors Safety Training Course".

1962 Participated in training courses with the Nationwide Insurance Companies, & became Licensed as an Ohio Insurance Agent, & as an Independent Insurance Agent Solicitor, in Life Insurance & Annuities, Health & Accident, & Property & Casualty lines of coverage.

1963 Participated in training courses in U.S. Air Force Reserve, & received Civil Defense Certification as Radiological Monitoring Instructor, & Shelter Management Instructor, & as Radiological Source Set Handler with the U.S. Atomic Energy Commission License #34-12216-03 & Ohio Department of Civil Defense Radioisotope User's Certificate #0172. These Certifications were then later reciprocally issued & officially recognized

by the State of Florida.

1968, 1977, & 1981 Participated in specialized Disaster Preparedness Officers' Loss Control training courses & refresher seminars, in the U.S. Air Force.

1969 Participated in up-date training in Radiological Monitor Instruction, & Emergency Shelter Management Instruction, thru the U.S. Civil Defense College.

5.

Professional Development - Continued :

1963 - 1973 Regularly served as Trainer of newer employees of the Industrial Commission of Ohio - Division of Safety & Hygiene, in the techniques and procedures of being effective as a professional in the field of Safety, including Safety Inspections, Safety Training, Accident Investigation, Codes & Standards, etc.

1971 Special (Occupational Safety & Health Administration) - OSHA Safety Codes & Standards & Interpretations Introductory Course, covering the new OSHA Law & Federal Regulations for General Industry, Marine Construction, and Agricultural Operations - conducted by the Industrial Commission of Ohio, the Ohio Department of Industrial Relations and OSHA Regional Office.

1974 Fundamentals of Occupational Safety Course thru the National Safety Council - Safety Training Institute.

1974 Key Man Safety Development Course, thru the National Safety Council - Safety Training Institute.

1974 Apprentice Safety Course for Construction and Industry, thru the State of Florida Dept. of Commerce.

1974 Orientation to OSHA Course, by the Dept. of Labor Occupational Safety & Health Administration, thru the Jacksonville (now Northeast Florida) Safety Council.

1974 Safe Handling of Compressed Gasses, thru the Matheson Gas Products Corporation.

1974 & 1975 Defensive Driving Course, D.D.C. Instructors' course, & Up-Date Courses, thru the Alachua County Safety Council. (Now North Central Florida Safety Council).

1975 Traffic Control Devices & Safe Operational Practices Course, thru the Florida State Dept. of Transportation.

1975 Graduate of the International Loss Control Institute, Consultative Systems Management Training Course, thru the Georgia State University, Dept. of Insurance.

1976 Voluntary Compliance with OSHA Training Course, thru Valencia Community College.

1976 Agricultural OSHA Course, thru Valencia Community College, Orlando, Florida.

1976 Civil Defense Management Advanced Seminar on Loss Reduction Techniques, thru the

Florida Division of Disaster Preparedness.

1977 Phase I & Phase II Courses in the Civil Defense Career Development Training Program of the U.S. Civil Defense College, thru Valdosta State University, Valdosta, Georgia.

1977 Accident & Loss Prevention Techniques for the Fertilizer Industry Seminar, thru the National Safety Council's Fertilizer Safety Section - Annual Fertilizer Safety School.

6.

Professional Development - Continued :

1977 Fork Lift Truck Operators' Safety Training Course, & Instructor's Training, thru Jacksonville Safety Council. (Now North East Florida Safety Council).

1977 Insurance Institute of America, Fundamentals of Insurance Course #IIA-21, while I was Safety Representative in the Safety & Loss Control Dept. of the Florida Farm Bureau Insurance Companies.

1978 Insurance Institute of America, Fundamentals of Insurance Course #IIA-22, also while I was Safety Representative with the Florida Farm Bureau Insurance Companies.

1978 Presentation of Safety Management Techniques Class & Participated in the Annual National Fertilizer Safety School.

1978 Fork Lift Truck Operators' Safety Course, thru the Florida Department of Commerce.

1978 Hazardous Materials Emergency Response Safety Training Course, thru the Seaboard Coast Line Railroad. (Now CSX RR)

1978 Management Oversight Risk Tree ("MORT") Course in Professional Loss Control Analysis Techniques, thru the U.S. Department of Energy & the Tampa Bay Federal Safety & Health Council, & the National Safety Management Society.

1978 Personnel Management Training Seminar by the Personnel Managers Association & the Florida Farm Bureau Insurance Companies.

1978 Professional Safety Management Seminar in Techniques & Procedures, by the National Safety Management Society, & thru the Federal Safety & Health Council, Tampa Bay Chapter.

1979 Insurance Institute of America Loss Control Management & Hazard Identification & Analysis Course #LCM-71, and presented sections of the course.

1979 thru 1983 Regularly Trained new members of the Safety and Loss Control Department Of the Florida Farm Bureau Insurance Cos., in the techniques and procedures of being a professional in the diversified field of Safety and Loss Control.

1980 Insurance Institute of America, Loss Control Management & Hazards Identification & Analysis Course #LCM-72, and presented sections of the course.

1980 Business Managers' OSHA Record-keeping Seminar, thru the Safety Training Institute of Northeast Florida Safety Council.

1980 Pesticide Applicators Safety Training Seminar, thru the Florida Department of Agriculture & Florida Cooperative Extension Service - Licensed Applicator.

1981 Agricultural Labor Relations & Safety Management Seminar, thru the Florida Farm Bureau.

1981 Industrial Fire Brigade & Fire Prevention Training Course, thru the Florida State Fire College.

7.

Professional Development - Continued :

1981 Cause & Origin of Fires & Explosions Training Course, and Hands-On Practice, conducted by the National Association of Fire Investigators.

1982 Hands-On Fire Extinguishers & Fire Prevention Equipment Training Seminar, thru the Florida State Fire College.

1982 Crime Prevention & Property Identification Loss Control Seminar, thru the Florida Farm Bureau Insurance Companies.

1983 Supervisors Safety Development Program, & Presentation of sections of the Course, thru the National Safety Council Safety Training Institute.

1983 Occupational Noise & Hearing Conservation Seminar, thru Industrial Safety Division of Northeast Florida Safety Council.

1983 Graduate of the International Loss Control Institute Course on the International Safety Rating System & the Accredited Safety Auditor Certification Program - received designation as an Accredited Safety Auditor - "ASA"

1984 Specialized Behavioral Modification Training Course & Workshop, ("DUI Course" Instructor Training Program) of the State of Florida Dept. of Highway Safety & Motor Vehicles, and Advanced Driver Improvement Program, Instruction Development Curriculum.

1974 - 1984 Also thru this period, participated in various other special Safety related courses, such as: Hunter-Firearms Safety Training Course, & Instructor Training Course, & refresher thru the Florida Game & Fresh Water Fish Commission.

1985 American National Red Cross Multi-Media First Aid Course, & C.P.R. Course & Instructor Training Courses on each.

1985 Hazardous Materials Management Course (Relative to the Federal "Right to Know" Law) Cooperatively Conducted by State of Florida, Northeast Florida Safety Council, & City of Ocala.

1987 Asbestos Abatement Program & Workers' Protective Equipment & Procedures Seminar, Presented by the Canon & Figgie Safety Equipment Company & its suppliers, in Orlando, Fla.

1987 Construction Safety Programming and Construction Accident Investigation & Claim

Management Seminars, representing the Membership of Orange Blossom Gardens, and Fleetline Homes of Florida Inc., Construction Division, presented by the Associated General Contractors of America, thru their Tampa Florida Office.

1987 Safety Promotional/Accident Investigation/Workers' Compensation Claims Management Seminars, Conducted by the ("FCCT") Florida Construction, Commerce, & Industry Self-Insurance Fund, in their Sarasota Office, Representing the Membership of Orange Blossom Gardens, and Fleetline Homes of Florida, Inc., of which I was Safety Director.

1988 Risk Exposures & Management Planning Seminar by the (Florida Affiliation of Insurance Safety Representatives) "FAIR" Loss Control Training Institute, Orlando, Florida.

8.

Professional Development - Continued:

1988 Workers' Compensation Claims and Benefits Seminar presented by the State of Florida Job Service and the Division of Workers' Compensation.

1988 Member of Committee which founded the first Safety Engineering Course, in the College of Engineering at the University of Florida. I have served as a guest Lecturer/Instructor in this course.

1988 to Present - Have served as Guest Lecturer/Instructor in Agricultural Engineering Safety Courses, in the Department of Agricultural Engineering at the University of Florida.

1988 Understanding the NFPA Life Safety Codes-Seminar by the "FAIR" Loss Control Training Institute.

1989 Development of Fleet Safety Programming Concepts Seminar by "FAIR" Loss Control Training Institute.

1989 Fundamentals of Industrial Hygiene by "FAIR" Loss Control Training Institute.

1990 Included as member of Speakers Bureau & Board of Directors of Florida Affiliation of Insurance Safety Representatives "FAIR", & the Loss Control Training Institute.

1990 Computerized Accident Reconstruction - Seminar by Fonda Engineering Associates, at University of Central Florida.

1990 National Conference of Consultants & Expert Witnesses - presented by the National Forensic Center, in Palm Springs, California.

1991 Participation in, and Exhibitor at, the Annual Convention of the Southern Trial Lawyers Association, New Orleans, Louisiana.

1991 Eye Safety & Protection Training Program at North Central Florida Safety Council, Gainesville, Florida.

1991 Participation in Florida Federation For Safety, Convention & Safety Training Seminars, Orlando, Florida.

1991 Participation in Southern Building Code Congress International - Florida Subcommittee Conference on "Accommodations For The Handicapped", Orlando, FL.

1991 National Conference of Consultants & Expert Witnesses & Attorneys presented by National Forensic Center, Orlando, Florida.

1992 Training Conference – (ADA Law) - Americans With Disabilities Act - presented by ASSE - American Society Of Safety Engineers, in Jacksonville, Florida.

1992 Seminar on Environmental Safety Regulations & Testing or Analysis Procedures – presented by - Florida Society Of Hazardous Materials Managers - Orlando, Florida.

9.

Professional Development - Continued :

1992 Training Conference regarding the (ADA) Americans With Disabilities Act - presented by the North East Florida Safety Council, in Jacksonville, Florida.

1992 Florida Society Of Hazardous Materials Managers, Seminar on Soil Gas Contamination Testing Procedures.

1992 Florida Workers' Compensation Seminar on "Second Injury Fund" or "Special Disability Trust Fund", presented by "ASSE"-American Society Of Safety Engineers, Jacksonville, Florida.

1992 Annual National Safety Congress & Exhibition (by the National Safety Council), Orlando, FL.: Including: Staffing Information/Exhibit Booth - Hazard Control Management Certification Board; Participation in Annual Meeting & Training Program of National Institute For Farm Safety, Inc.; Participation in the Annual Meeting & Training Program of the Veterans of Safety, International; National Training Conference regarding the Federal ADA Law (Americans With Disabilities Act) - presented by the United States Department Of Justice, and the National Safety Council.

1993 Member & Co-Founder of the North Central Florida Chapter of the ASSE.

1994 Participation in Florida Workers' Compensation Seminar, conducted by the Ocala Marion County Chamber of Commerce, and the North Central Florida Safety Council, in Ocala, FL.

1994 Member & Co-Founder of the Florida Chapter of the National Systems Safety Society.

1994 Participation in the National Conference of Consultants & Expert Witnesses & Attorneys - presented by the National Forensic Center, in New Orleans, Louisiana, including various Training Seminars, and a program by the Global Dispute Resolutions Association.

1994 Handicapped/Disability Accessibility Training Seminar by Florida Board of Building Codes & Standards, at the Space Coast Chapter of Nat'l. Human Factors & Ergonomics Society.

1994 Small Business Administration Seminar at Central Florida Community College, on the issue and procedures for Financing Safety related ADA compliance requirements.

1994 Florida Department of Insurance, Seminar on Accident & Disability Insurance Coverages and Inter-related Safety necessities.

1994 Ocala-Marion County Chamber of Commerce and Florida Department of Labor and Employment Security Seminar on Workers' Compensation and the State Division of Safety and its Safety Consultation Services under the 7(C) (1) OSHA Grant Program, and the Safety requirements of the new "Florida Occupational Safety & Health Act".

1995 Attendance at the Florida Workers' Compensation Institute, Safety Section Conference.

1995 American Society Of Safety Engineers - - Annual Professional Development Conference, Covering the usual wide variety of Safety Subject Matter, held in Orlando, Fla.

10.

Professional Development - Continued :

1995 Attendance at the Florida Department of Insurance Annual Seminar on Regulations.

1995 My presentation of a Program to the Florida Chapter of the Systems Safety Society on the Liability Prevention Subject of "Building Yourself And Your Business A Defendable Trail".

1996 Annual National Safety Congress & Exhibition of the National Safety Council, in Orlando, Fla. Including: Staffing Display Booths of the Hazard Control Management Certification Board, and of the National Systems Safety Society; Participation in Annual Meetings of: Veterans of Safety International, and the Annual Induction Ceremonies for Nominees into the Safety & Health Hall of Fame, International; National Institute for Farm Safety, Inc.; National Systems Safety Society; The National Up-Date Training Program on the Federal ADA Safety related Regulations presented by the U.S. Architectural and Transportation Barriers Compliance Board; and Training Program of the Consultants Division of (ASSE) the American Society of Safety Engineers.

1996 Attendance at Spring Convention of ATLA (Association of Trial Lawyers of America), in Orlando, Florida.

1997 My presentation of a Program to our Gainesville-Ocala Claims Association, on the Safety Management related subject of "The Ability For Recognizing A Defendable Trail Within A Business Loss Claim"

1997 Attendance at special Aircraft/Airport Fire Suppression & Rescue Training Demonstration;/ Seminar, at the Ocala Airport's Southeastern U.S. Aircraft/Airport Fire Safety Training Facility, Conducted by the Federal Aviation Administration, Office of Airport Safety and Standards, Design and Operations Criteria Division.

1997 Florida Systems Safety Society & the Space Coast Chapter of the National Human Factors and Ergonomics Society sponsored Seminar on Ergonomics Safety Requirements, by the Federal OSHA (Occupational Safety & Health Administration), and the Federal NIOSH (National Institute for Occupational Safety & Health), at Cape Canaveral, Florida.

1997 Attendance at Healthcare Safety Congress training program on Requirements of OSHA and the JCAHO (Joint Commission on Accreditation of Healthcare Organizations).

1997 21ST Annual 3 day Members' Fire and Arson Training Seminar of FACAP (the Florida Advisory Committee on Arson Prevention), covering Investigation Practices & Procedures in connection with various types of Fires and Suspected Arson situations, to make the conclusions better able to "Stand Up In Court", presented by Florida State Fire College.

1997 Participation in the annual National Conference of Consultants & Expert Witnesses and Attorneys, presented by the National Forensic Center, in Tampa, Fla., including various Expert Witnessing Techniques, Practices and Procedures, Training Seminars.

1998 Participation in ADA Safety and Building Code related Training Conference, presented by the State of Florida Americans with Disabilities Act Working Group (ADAWG) of the State Division of Vocational Rehabilitation.

11.

Professional Development - Continued :

1998 Attendance at Seminar by the Florida Occupational Safety & Health Training Institute.

1998 Attendance at Arson Investigation Seminar in Tampa, conducted by CPCU, the Chartered Property & Casualty Underwriters' Association.

1998 Training Course for Members of Board of Directors of NAFIC (National Association of Fraternal Insurance Counselors).

1998 Participated in the Annual Educational Convention of the American College of Forensic Examiners, and was Awarded a Charter Membership status in the Engineering Section as a "Diplomate of the American Board of Forensic Engineering and Technology" (DABFET), meeting was held in Naples, Florida.

1998 Presentation of Program for the Ocala Public Safety Commission, on the subject of our Marion County Fire/Rescue Safety Response Program, which functions throughout the County,

1998 Training Seminar on Safety Related Information Access Domains, conducted by the Space Coast Chapter of the Human Factors and Ergonomics Society.

1998 Governor's State ADA Working Group Compliance Symposium, held in Orlando, Florida.

1998 Annual 3 day Training Conference on Investigation and Defense regarding Arson Claims, of FACAP (Florida Advisory Committee on Arson Prevention), presented by the Florida State Fire College here in Ocala, Florida.

1998 Elected as Vice Chairman of Ocala Area Public Safety Commission, of the City Council of the City of Ocala, Fl., of which I have been an active member for 25 years.

1999 Coordinated a Safety Training Tour and Seminar for the Ocala Area Public Safety Commission, at the Ocala plant of the Martin-Marietta Corp., regarding issues of Robotics Safety, Electronics Safety, and Chemicals Safety, practices and procedures and protective equipment, etc.

1999 Presentation of program on Ladders and Scaffolding related Safety Provisions, for the Gainesville - Ocala Claims Association.

1999 Participation in specialized Seminar on Personal Fire and Arson Charges and the official charge of “Bad Faith” which can be assessed against an Insurance Co., for poor claims management. Sponsored by FACAP, and presented by the USAA Insurance Companies, Tampa Florida.

1999 Applied for and was issued a State of Florida Private Investigator License #C-99-00364, with my Corporation as a State of Florida Licensed Private Investigative Agency #A-99-00148.

1999 Participation in nationally conducted Investigators’ Training Seminar, presented by the Great West Investigations Corporation, of Tempe, Arizona.

1999 State of Florida Building Commission sponsored Seminar on the newly developed Florida Building Code and all its various special Sections and Parts, including the Accessibility for the Disabled Section, implementing the ADA Provisions.

12.

Professional Development - Continued :

1999 Participation in the Annual FACAP (Fla. Advisory Committee on Arson Prevention), 3 day Seminar, at the Fla. State Fire College, on Investigation of Causes and Origins of Fires, and Indicators of Arson.

2000 Participation in specialized Training/Certification Course on Hazardous Materials Management and Compliance with the new 49 CFR Department of Transportation Regulations and Requirements, conducted by the Environmental Resources Center, of Cary, North Carolina.

2000 Participation in the 3 day Training Course - Nat’l Seminar on Fire Analysis Litigation, and Participation in the official Examination for “Certified Fire & Explosion Investigator” (CFEI), presented by the National Association of Fire Investigators, in Sarasota, FL.

2000 Participation in 2 day Railroad Safety Training Seminar presented as part of the Annual Membership Convention of NARSCI, the “National Association of Rail Road Safety Consultants and Investigators”, held in St. Louis, Mo.

2000 Participation in The Florida Fraternal Insurance Congress and the Florida “FIC” (Fraternal Insurance Counselors’) Convention, in Cocoa Beach, FL.

2000 Participation in the numerous Safety specialty training programs presented during the 3 day Annual Professional Development Conference & Exposition of the American Society Of Safety Engineers, & all its Specialty Divisions, in which I hold memberships, conducted in Orlando, FL.

2000 Participation in the Annual week-long National Safety Congress & Exposition, of the National Safety Council, with meetings of other Safety organization of which I am a member; Veterans Of Safety International, National Institute For Farm Safety, Inc., and co-staffing of the Exhibit booth of The Board Of Hazard Control Management, held in Orlando, FL.

2000 Participated in the special Re-Organizational Meeting of the Florida Chapter of the National Certified Hazardous Materials Management Association, held in Tampa, FL.

2000 Participation in the Annual State Of Florida – Joint Licensed Private Investigators’ Training Conference & Exposition, with Training in procedures for Exploring the use of Hazardous

Materials in Public Settings, which was conducted in Orlando, FL.

2000 Participation in the Annual 2 day Training Conference of Consultants, Attorneys, & Expert Witnesses, conducted by the National Forensic Center, in West Palm Beach, FL.

2000 Participation in the Annual 3 day Fire Safety Training Conference of “FACAP” – (Florida Advisory Committee on Arson Prevention), regarding Arson Investigation & Defense, Hazardous Materials used in the Setting of Fires, & Training on Investigation of Causes & Origins of Fires, & Indicators of Arson, conducted at The Florida State Fire College, near Ocala.

2000 Coordinated & Conducted Educational Tour of the Ocala Airport FAA (Federal Aviation Administration) Fire & Emergency Response Training Facility, for the Ocala Area Public Safety Commission.

2001 Attendance at the 21st Annual Occupational Safety & Health - Winter Institute & Courses, in Daytona Beach, FL.

13.

Professional Development - Continued :

2001 Participated in Initial Nationwide NIOSH (National Institute For Occupational Safety & Health) Conference Call, with Associate members & representatives of the Federal NIOSH & other Governmental Agencies, in preparation for a Federally selected Committee of Independent Evaluators of Safety related Research Grant Applications, scheduled to be meeting in Washington, D.C., of which I was a selected Member.

2001 Participation in the week-long reviewing and evaluation of Occupational Safety & Health Research Grants Applications, for decisions on approvals for Federal Funding, which Applications had been submitted from all across the Country, and Federally Sponsored by NIOSH, OSHA (Occupational Safety & Health Administration), NIH (National Institutes Of Health), CDC (Centers For Disease Control & Prevention), HHS (U.S. Department of Health & Human Services), Public Health Service, U.S. Department of Agriculture, EPA (Environmental Protection Agency), as well as a variety of national Organizations which are involved in the promotion of Occupational Safety & Health Programs within Agricultural and related Industries across the country. I consider it a genuine honor and certainly a top-level Recognition of my Professional Safety related Competency & Qualifications, to have been called upon by “Uncle Sam” to be nationally selected as an Agri-Business OSHA Safety Research Contract Application Evaluator.

2001 Participated in the “Certified Fire Investigation Instructor” (CFII) Certification Course and Examination, conducted and Issued by the National Association Of Fire Investigators, Inc., in Sarasota, Fla., Providing Qualification to Conduct Instruction regarding Hazardous Materials which lead to Accidental as well as Intentional Fires.

2001 Participated in another Annual 3 day Fire Safety Training Conference of “FACAP” (Florida Advisory Committee on Arson Prevention), regarding Arson Investigation, and Defense, conducted as usual at the Florida State Fire College, near Ocala, Florida.

2001 Recorded member-participant in the 3 day Florida Governor’s ADA Working Group – annual convention and training conference regarding the provisions of the Federal ADA (Americans With Disabilities Act), covering such as: the new Florida Clearinghouse On Disability Information, Florida Accessibility Code For Building Construction, ADA Mediation

For Case Conflict Resolutions, The First Decade Of Enforcement, Accessibility Guidelines For Play Areas, Recreation Facilities & Outdoor Developed Areas, Individuals With Disabilities Education Act, ADA Case law Development & Trends, Making Sense of Title III Public Accommodations, Fair Housing Act Design & Construction Accessibility Requirements, Planning For Students With Disabilities, Reasonable Accommodations Updates, Housing Alternatives For Persons With Disabilities, Disabled Parking Enforcement, Assistive Technology, New Inventions in Assistive Technology, Making Sense Of Title I Employment, Interagency Transition Councils, Ticket To Work & Work Incentives Improvement Act, Blending Family Medical Leave Act/Workers Compensation/Americans With Disabilities Act In The Work Setting, Making Sense Of Title II State & Local Government, Taxicab Accessibility In Your Community, Reasonable Accommodation & Reasonable Modifications In Housing, Addressing Court Related Needs of People With Disabilities. This was a most highly informative State and Federal ADA / Safety and Security Training conference.

2002 ASSE (*American Society Of Safety Engineers*) Professional Development Conference (PDC), presented in St. Augustine, Florida.

The following outlines of Safety occupational experiences & summaries of positions and related services indicated, are now being included within the activities of my Professional Safety Consultant Service, Inc.

20.

Business History - Continued of Herbert T. Bogert - - -

May 1987 thru March 1988

Corporate Safety Director of

ORANGE BLOSSOM GARDENS and FLEETLINE HOMES of FLORIDA, INC.

Lady Lake, and Tavares, Florida

I served as Safety Director for both Corporations, which actually were co-related Corp., Orange Blossom Gardens (now "The Villages") is a rapidly expanding "Adult Modular Home Community", with 3,000+ residents, and plans for 30,000 homes to be developed, along with shopping centers (now there) and other support facilities, etc. The Modular Homes are manufactured by two factories, of the Corporate name of Fleetline Homes of Fla., Inc. There were some 700+ employees, with anticipation's for some 1,000+ in the near future.

All forms of construction from Commercial Structures to building roadways, Engineering and Architectural planning, Concrete Plant, Woodworking and Metal Working and Welding Shops, Sewer and water Utilities and Waste Disposal, a full variety of stores, Shopping Center, Gas Station, operation of several Restaurants, operation of several Golf Courses, a Fleet of 150 Vehicles of all types, etc., along with two large Factories and all of the full scale Industrial Manufacturing machinery and heavy equipment involved in constructing homes, from the ground up, as well as over-the-road delivery and set-up operations involved, as well as

community relations involvement which goes along with such a complex operation, gives some indication of the vast array of activities involved in this Corporate position of Safety Director.

My responsibilities as Safety Director involved all phases of Loss Control from accident and injury prevention programming, to fire prevention and overall property protection, for the residents as well as the employees. Also, my duties involved reviewing & evaluating blueprints and plans for various construction and remodeling of buildings and facilities throughout this large development, to help bring about conformity with Fire and Safety related codes & standards. All of my past thirty+ years of Safety and Security, and Insurance Involvement, training and experience, was actively utilized within my position as Safety Director for Orange Blossom Gardens and Fleetline Homes of Florida, Inc.

April 1977 to October 1983

FLORIDA FARM BUREAU INSURANCE COMPANIES - Safety and Loss Control Department, Gainesville, Florida

Summary - in this position as Safety Engineer & Instructor, dealt with most all forms of Businesses, involving Loss Control functions of most all categories, including that of working directly with manufacturers of various products, and equipment, in assisting them with professional advice and guidance in relation to designing, installation, operation, and maintenance, in a manner which helps to maintain Safety as an integral built in part of the end product, which thus minimizes the liability which may be incurred by the producers, and dealers, as well as the Insurers of the operation.

Performed numerous varieties of Safety related training functions, various certified courses, programs on Agricultural Safety, programs for youth groups, schools staff & faculty as well as business organizations, etc. and served as guest lecturer and instructor at Colleges and Universities, National Safety Council seminars, and various Safety specialty courses.

21.

Business History - Continued.

While with Fla. Farm Bureau numerous duties involved Safety Inspection of Facilities and submittal of reports of findings and corrective suggestions, to assist the underwriting department in making appropriate and well informed decisions relative to suitable coverage's to be issued for insurance policies.

Served as the Florida representative on the Business and Industry Committee of the U.S. Civil Defense Council in the Development of Loss Reduction Contingency Planning, and Coordination of Fire and Rescue Services for private business and industry interest. Most of the details outlined in the following employment outlines, have been involved in this position with the Florida Farm Bureau Safety and Loss Control Department.

January 1974 thru April 1977

UNIVERSITY OF FLORIDA - Division of Environmental Health and Safety, and Department of Occupational Health and Safety - Gainesville, Fl.

Summary - served as Accident Prevention & Safety Training Officer, as well as Civil Defense

Coordinator, which involves approx. 16,000 employees, 27,000 students, and over 100 different outlying facilities extending through-out the entire State of Fla. Operations include a vast Medical Center & Hospital, Agricultural activities of all kinds, Forestry, Marine Life, Boating, Aircraft, Transportation fleets, shops - maintenance, Construction, Electrical utilities, Nuclear sciences, Aero space activities and machinery associated with each type of operation, as well as research labs of all kinds, operations in practically any imaginable realm, including coordination of Safety needs with the numerous Private Contractors who are continually operating through-out the various facilities.

Reviewed and evaluated all the Blueprints and Plans for all new Construction & all Remodeling of Buildings and Facilities throughout the Statewide University Complex to Enforce Compliance with Fire & other Safety related Codes, Standards, Statutes, & Advisory Guidelines, etc., with follow-up Inspections of the various completed projects, to determine adequate Compliance with Safety related Requirements.

Presented Safety Training in connection with other Courses being taught on Campus, in the numerous departments, in connection with these various statewide operations. Was responsible for coordinating & conducting all types of Safety Training Activities, Safety Surveys of facilities, the development of Safety guidelines and rules, compiling of Safety statistics on employees and students as well as the general public around the University, monitoring of Safety equipment programs, maintaining a Safety reference library, Investigation of accidents, etc., as well as organizing & coordinating Fire & Rescue Services and other Civil Defense related Emergency Preparedness programs, along with continually auditing the effectiveness of these interrelated Loss Control associated programs. I also served as AAO & EEO Officer for the entire Division of Environmental Health and Safety while at the University Of Florida.

January 1958 thru January 1974
THE INDUSTRIAL COMMISSION OF OHIO
Division Of Safety and Hygiene, Columbus, Ohio and
Bureau of Workmen's Compensation, Columbus, Ohio

Continued - - -

22.

Business History -- Continued - -

Industrial Commission Of Ohio - - -

Summary - Served throughout these 16 years as Business & Industry Safety Advisor, Agricultural Safety Specialist, Safety Instructor, and as Deputy to the Administrator of Bureau of Workmen's Compensation.

My Industrial Commission of Ohio duties & activities were numerous and diversified, working with all manner of associations, committees, groups, and agencies that represent Safety interest in all manner of businesses, Implementing Safety and Industrial Hygiene programs for Industry, Agriculture, and Public Agencies. Was active in Safety Training programs throughout Ohio, along with developing training aids, movies, slides, conducting courses and presentation of Safety demonstrations and informative programs at National meetings, Safety Congresses, along with programs on Radio and TV, and preparation of articles and items of literature, in the overall promotion of Safety and Industrial Hygiene.

I was one of the originators of the widely utilized "Supervisors Safety Training Course", and the now universally utilized triangular red & orange "Slow Moving Vehicle Emblem".

This position regularly included making on-site Safety and Security surveys, inspections, and investigations of working conditions and environmental factors, home and Public safety activities, advising as to suitable corrective measures, with follow up re-checks to determine adequacy of corrective measures employed, as well as advising on legal provisions of Codes, Standards, rules and regulations, engineering of Fire Preventive procedures, mechanical guarding of hazards, etc., and advising on occupational disease preventive methods, personal protective equipment, etc., as well as conducting various programs of information about the Workmen's Compensation provisions of the State.

December 1954 thru 1983

**U.S. ARMY, TRANSPORTATION CORPS. & U.S. AIR FORCE RESERVE,
On Posts & Bases in Virginia, Kentucky, Colorado, Texas, Ohio, Georgia & Florida.**

Lieutenant Colonel - U.S. Air Force - Ground Safety Officer, & Disaster Preparedness Officer, and Reserve / Retired, Recipient of U.S. Air Force Commendation Medal, and the U.S. Presidential Meritorious Service Medal - for Outstanding Service in the fields of Safety and Disaster Preparedness - Loss Control.

Summary - Over these 28 years, served as Aircraft Maintenance Officer & Instructor Supervisor in the U.S. Army Transportation School; as U.S. Air Force Personnel Officer, Education & Training Officer; Personal Affairs & Benefits Officer, Ground Safety & Range & Explosives Safety Officer, & Disaster Preparedness Officer, including Emergency Response Training Coordinator, and Personnel Management Officer.

My Military experience has been in such realms as: trucks, trains, harbor craft, stevedoring, pipelines, aircraft - fixed wing & helicopters, etc. Received training at the Interagency Nuclear Weapons Training Center in New Mexico, & participated in numerous Safety training activities and courses in management, job analysis, maintenance, radiological monitoring & defense, shops & occupational Safety, as duties as Instructor & Education Supervisor.

23.

Business History - - - Continued - - - of Herbert T. Bogert

Among various Reserve duties, have served as U.S. Air Force Reserve Civil Air Patrol Liaison Officer, & as State Safety Officer on the Ohio Wing Staff of the Civil Air Patrol, & Composite Squadron. During this time I was conducting Safety Programs (and Supervision), teaching Safety classes, making Safety surveys, investigating accidents and preparing Training aids & Safety surveys etc.

In more recent years, served as Reserve Disaster Preparedness Officer at Patrick Air Force Base & the associated Cape Canaveral Air Force Station, the Cape Canaveral Launch Facilities, Kennedy Space Center, & the overall Eastern Test Range, which includes Radar Sites throughout the Atlantic Ocean & down to South Africa.

Also, was selected to serve as an individual Auditor, as well as a member of a team of Auditors, to evaluate & made recommendations, relative to the Loss Control effectiveness of Disaster Preparedness Programs on Air Force Reserve Bases throughout the Eastern States of the Country

June 1956 thru June 1962

Self-Employed as AVIATION GROUND SCHOOL INSTRUCTOR

At Patrick Henry Airport, Newport News, Virginia, & at Lunken Airport, & Xavier University Cincinnati, Ohio; as F.A.A. certified Aviation Ground School Instructor with ratings in: Aircraft Engines, Aircraft Engines, Aircraft (Airframe & Principles of Flight). Navigation, Radio (& Radio Navigation), Meteorology, & Federal Air Regulations.

Conducted Aviation courses at Patrick Henry Airport while in the Army at Ft. Eustis, Va. I conducted regular courses in the Cincinnati area of Ohio, at Lunken Airport & other nearby airports, & at Xavier University in the R.O.T.C. Military Pilots Training program, as well as giving private training to interested individual students.

Safety naturally has always been the primary purpose for all such training courses, for the life & safety of the pilot, the aircraft, & the passengers involved, as well as the conditions which might otherwise exist.

In this connection, have been active in the coordination of Flight Safety Clinics, Management of the Aviation section programs of the annual ALL-OHIO Safety Congresses, etc.

Also active as a Civilian Pilot, with Ratings in both Land and Sea Planes.

1945 - 1974

Agricultural Experience Background:

Grew up as a "farm boy" - on our Family Farm of 190 acres in Williamsburg, Ohio (East of Cincinnati). Was a student of Vocational Agriculture and active in the F.F.A. (Future Farmers of America) at Williamsburg High School, and was active in 4-H Clubs with Beef Cattle, Farm Machinery, Tractor Maintenance and Farm Safety as projects.

Was State of Ohio Champion in the 4-H Clubs Tractor Maintenance and Tractor Safety programs, and winner of trip to the National 4-H Club Congress, in Chicago, in 1949.

24.

Additional Agricultural Experience Background - - - of Herbert T. Bogert - - -

Owner and Operator of the family 190 acre general purpose farm, until 1974, when the Federal Government acquired the farm as part of a large Flood Control Reservoir project.

Results from nearly 30 years of direct Farm Involvement, has been a very diversified personal experience with Farm Machinery and Equipment, and General Farm Conditions, and first-hand Safety Involvement.

Commercial Campgrounds and Recreational Park Experience - Background; for 10 years our Farm was partially operated under the business name of "Cabin Run Lakes Parks", as Commercial Campgrounds, with two Fishing Lakes, Fishing Bait and Tackle Shop, Picnicking, Hiking, and General Outdoor Recreational Area, as well as available Camper Trailer Rental Units, etc.

This business, and affiliations with outdoor rural recreational and campgrounds owners'

association, has provided first-hand experience with the Safety related details which are necessarily an integral part of public exposure business operations.

As a result of these personal involvement's with Farming & outdoor Rural Recreational businesses, my duties with the Industrial Commission of Ohio and its Division of Safety and Hygiene, also included serving as State Farm Safety Specialist, and Rural Recreation Safety Specialist.

Over these past approximately 50 years in Safety work, I have served as a member of various State and Local Agriculturally related advisory boards and committees:

Agricultural Extension Service - County & State.

Federal Land Bank (Farmers Co-Op).

Production Credit Association (Farmers Co-Op).

Farm Bureau - Advisory Council and Youth Council.

Grange - Local, County and State.

Future Farmers Of America - and Adult Farmers Programs.

4-H Clubs in Ohio & Florida.

Ohio Farm & Home Safety Committee, Inc - Farm Machinery Safety and Home & Yard Safety Sub-Committees.
