II. Professional Summary:

A. EDUCATION:

Bachelors of Science (BS), Biology
University of Cincinnati
Cincinnati, Ohio, 1979

Masters of Science (MS), Environmental Science
College of Medicine, Kettering Laboratories
University of Cincinnati
Cincinnati, Ohio, 1987

B. EXPERIENCE:

Sr. Environmental Scientist/Owner
Advanced Building Forensics, Ft. Myers, FL
September 2007 to Present

Expert witness litigation support; conducts microbial and chemical field investigations for the purpose of legal case development and insurance claim adjudication. Provides expert opinions regarding the conducive nature of individual exposures and water impact of commercial and residential properties.

Vice President/Sr. Environmental Scientist
Clean Air Inspections, Estero, FL
March 2006 to September 2007

Lead team of scientists on environmental forensic investigations of 20 high-rise hurricane impacted commercial and residential buildings. Oversaw all technical and litigation support activities advising clients on scientific issues impinging on their case. Responsible for managing field personnel in all facets of environmental projects. Aided in new client development. Reviewed technical issues for new product development and provided marketing and advertising recommendations.

Principal Scientist, Owner

Environmental Diagnostics, Inc., Chicago, IL
September 1989 to March, 2006

Expert witness litigation support; conducts microbial and chemical field investigations for the purpose of legal case development and insurance claim adjudication. Provided expert opinions regarding the conducive nature of individual exposures and water impact of commercial and residential properties.

Responsible for management of projects and cases involving industrial hygiene; microbiological assessment and remediation; expert witness; chemical exposure assessments including isocyanates; indoor air quality studies, warning labels and MSDS development and compliance; asbestos project design, oversight, inspection and air sampling; UST management, HAZWOPER site safety and health plans; ambient air monitoring of hazardous waste sites and off-gassing of sanitary landfills; safe haven analysis; odor detection; safety audits; air emission permits; waste anesthesia gas detection, safety program development and review; ventilation system evaluation; and noise studies, hearing conservation programs, and community noise evaluations. Employee training regarding hazardous waste operations.

Project Consultant

Occusafe, Inc., Chicago, IL
August 1987 to September 1989

Lead teams of industrial hygienists in field inspections of buildings involved with asbestos litigation. Over 200 buildings inspected and sampled (air and bulk). Responsible for conducting a broad spectrum of industrial hygiene surveys and safety audits. Performed ergonomic evaluations of office work stations and assembly lines. Developed HAZCOM programs, audits for flammable and combustible solvents, and asbestos project design, management, inspection and air sampling.

Environmental Health and Safety Manager

Richard Klinger, Inc., Sidney, OH
May 1985 to August 1987

Fully responsible for development of corporate environmental, industrial hygiene and safety policies at an asbestos gasket manufacturing plant. Advised executive offices of potential environmental and safety issues related to new product development. Developed sampling strategies and conducted industrial hygiene studies for detection of asbestos fibers. Developed and implemented HAZCOM program including labeling, MSDSs and employee training.

Industrial Hygienist III

Industrial Commission of Ohio, Bureau of Workers Compensation
June 1979 to May 1985

Performed over 500 industrial hygiene studies for automotive, food processing, foundries, microelectronics, chemical manufacturers, metal fabricators, heavy equipment, health care facilities, printing, pesticide producers, plating operations and paint applications including isocyanates. Also performed occupational disease investigations for determination of whether a particular claim could be supported by environmental factors observed in the workplace.

III. Professional Affiliations:

American Conference of Governmental Industrial Hygienists (1981-Present)
American Industrial Hygiene Association (1984-Present)
American Board of Industrial Hygiene (1987-Present)
American Academy of Industrial Hygiene (1987-1998)
American Society of Safety Engineers (1992-Present)
Board of Certified Safety Professionals (1993-Present)
American Hospital Association (1995-1998)
American Society of Heating, Refrigeration, and Air Conditioning Engineers (1996-1998)
American Indoor Air Quality Council (2002 to Present)
Indoor Air Quality Association (2002 to Present)
ASTM Participating Member (2006)

IV. Certifications and Professional Licenses:

Certified Industrial Hygienist (CIH), American Board of Industrial Hygiene, Certification No. 2915, Comprehensive Practice, (1985-Present).
Certified Safety Professional (CSP), Board of Certified Safety Professionals, Certification No. 11502, Comprehensive Practice (1991-Present).
