Curriculum Vita

Gregg M. Stutchman

Forensic Analyst & Expert Witness in Audio & Video Forensics

Forensic Photography

OVERVIEW

Gregg Stutchman has worked in the criminal justice system since 1973. The first 10 years were spent as a police officer and police administrator, working in all phases of law enforcement. In 1983 he entered the private sector as a State Licensed Investigator doing primarily civil & criminal investigations. As both police officer and a State Licensed Investigator, Mr. Stutchman worked extensively with electronics, audio and video recordings and equipment and forensic photography.

In 1992, he opened Stutchman Forensic Audio Video Laboratory, later shortened to Stutchman Forensic Laboratory. Since opening his lab Gregg has progressively continued his education and training in forensic technology. He has conducted forensic analysis of more than 3000 recordings, taken and processed thousands of forensic photographs and has testified extensively as an expert witness in courts throughout the United States.

CLIENTS SERVICED

Private attorneys, district attorneys' offices, insurance fraud investigators, private investigators, public defenders, police and sheriffs' departments, State and Federal Government agencies, businesses, insurance companies, corporations & news media.

SERVICES PERFORMED

(Including, but not limited to) Forensic analysis of audio & video recordings; voice enhancement from audio and video recordings; demultiplexing and image enhancement from CCTV security videos; preparation of still photos from video recordings; voice identification and comparison; forensic photography including aerial photography, scene photography & evidence photography; photogrammetry; preparation of graphics, demonstrative evidence and trial exhibits; investigations relating to forensic issues.
