

**James M. Seltzer, M. D.**

**CURRICULUM VITAE**

Education:

1969-1973                   University of Pennsylvania:  
B.S. Psychology, Biology  
Philadelphia, Pennsylvania

1973-1977                   University of Pennsylvania  
School of Medicine: M.D.  
Philadelphia, Pennsylvania

Training:

1977-1980                   PL-1, PL-2, PL-3 Pediatrics  
Children's Hospital of Los Angeles  
Los Angeles, California

1980-1982                   Fellow, Immunology and Allergy Division  
Department of Pediatrics  
University of California, San Diego

Honors:

*Magna Cum Laude*, 1973, BA University of Pennsylvania  
AOA Honor Society, 1977, U. Penn. School of Medicine  
Leon Unger Scholarship Travel Grant  
    American College of Allergists, 1982  
Am. Academy of Allergy and Immunology  
    Travel Grant, 1982

University

Appointments:

Clinical Professor  
Division of Occupational & Environmental Medicine  
University of California, Irvine School of Medicine,  
2004 - present

Co-Director, Pediatric Environmental Health Specialty  
Unit (PEHSU, a network of experts in children's  
environmental health)for US Environmental Protection  
Agency, Region IX (California, Arizona, Nevada,  
Hawaii, and Guam) at University of California, Irvine

College of Medicine  
2004 - present

Assistant Clinical Professor,  
Division of Allergy/Immunology  
University of California, San Diego, 1992-present  
Associate Adjunct Professor

San Diego State University  
Graduate School of Public Health, 1994-1996

Hospital  
Appointments:

Mercy Hospital - Program Director, Pediatric  
Allergy & Immunology, 1989

University Hospital, San Diego, California

Children's Hospital, San Diego, California  
Courtesy Staff  
Chairman, Medical Records Subcommittee, 1987-  
1997  
Quality Assurance Committee, 1994 - present  
Asthma: Practice Patterns Analysis Group, 1993-  
1995

University of California, Irvine Medical Center,  
Irvine, California

Certification  
and Licensure:

Diplomate, National Board of Medical  
Examiners, 1978

Diplomate, American Board of Pediatrics, 1982

Diplomate, American Board of Allergy and  
Immunology, 1983

Independent Medical Examiner, State of California,  
1992

Qualified Medical Examiner, State of California, 1992

California License No. G-37580, 1978

Professional  
Associations &  
Activities:

Fellow, American Academy of Allergy, Asthma and  
Immunology, 1984  
Committee on Allergen Standardization,  
Subcommittee, **Chairman**, 1987-1995

Environmental Control and Air Pollution  
Committee, **Chairman**, 1991-1996  
Environmental Medicine Committee, **Chairman**,  
1995-96  
Ad Hoc Committee on Multiple Chemical  
Sensitivity, 1994-95

Fellow, American College of Allergy, Asthma &  
Immunology, 1984  
Indoor Allergy Committee, Chairman 2004 -  
present

Fellow, American Academy of Pediatrics, 1983  
Member: District IX, Chapter 4  
Member: Section on Allergy & Immunology

The Clinical Research Institute, Inc.,  
Medical Director 1984 - 1999

Member, Advisory Panel for Smoke Free Homes 2005 -  
present

Indoor Hygienic Technologies Corporation,  
Medical Director

San Diego Allergy Society

California Medical Association

International Union of Immunologic Societies,  
Member of Committee to Standardize Olive tree  
extract

Member, Indoor Air Quality Interdisciplinary Forum:  
1991-1993 (national panel convened by U.S.  
E.P.A. to develop credentialing criteria for  
would be indoor air quality experts in various  
fields)

Consultant to U.S. Environmental Protection Agency  
1991-1993, 1997

Founded "Visiting Professor of Pediatric Allergy &  
Immunology" program in San Diego, 1991-1996

Physician Management Development Program, Graduate  
School of Management, University of California,  
Irvine and College of Business Administration,  
California State University, San Marcos at  
Children's Hospital and Health Center, San  
Diego, 1995 - 1996 (46 hours)

Civic  
Activities:

Big Brother Program, Los Angeles, 1978-1980

American Cancer Society - Volunteer, 1981  
Asthma & Allergy Foundation of America,  
Board of Directors, San Diego Chapter, 1983-84

Advisory Board, Parents and Professionals  
Together, 1983-1985

San Diego City Schools Social Concerns Program  
Advisory Committee, 1988-1991

Public Education:

National Public Radio, Community Provider,  
1983-1986: A weekly spot discussing aspects of  
allergy, asthma, and immunity

Interview series regarding issues in pediatric  
environmental health on Saigon Broadcasting  
Television Network, 2006 - pediatric asthma.

Presentations to numerous civic organizations  
And hospital-sponsored programs, including:

Medicine Science Health Program -  
Scripps Memorial Hospital, 2  
presentations

Mira Mesa Chamber of Commerce

Television short re: "Allergies",  
Channel 10 news, 1983

Appearance on "Health Matters",  
Channel 8 Television, Topic: Allergy, 1987

Appearance on KGO-TV, Channel 7, San Francisco,  
discussing effect of weather on allergies,  
March 3, 1991.

Appearance on Channel 8 Television News:  
Environmental Illness, 1994.

Continuing Medical Education Programs, for  
nurses and physicians at several hospitals.

Organized Educational Program for San Diego High  
School Department Chairpersons, November 21, 1989.

Coached girl's soccer team: 1989-94.

Physician for San Diego Children's Choir singing tour  
of Great Britain, June 27-July 10, 1994.

Numerous talks to the public at schools (to parents or students, hospitals, and other venues regarding allergies, asthma, eczema, and the immune system.

Presentations:

"The association of SIADH with infant botulism"; selected best paper submitted in residency category; presented at Southwest Pediatric Society Meeting, Los Angeles, March, 1980.

"Immediate and late bronchial response to *Pullularia*", presented at the 1981 Western Society of Allergy and Immunology Meetings, Vancouver, Canada, October, 1981; also presented at the First Mexican-American Congress of Clinical Immunology and Allergy, November, 1981.

"Anaphylaxis and hymenoptera hypersensitivity", delivered at the Continuing Medical Education Course in Immunology and the Clinical Practice of Allergy,

sponsored by the University of California, San Diego, March, 1981 and 1982.

"Mucormycosis rhinosinusitis in an 18 year old male with acute lymphoblastic leukemia", Pediatric Grand Rounds participant, University Hospital, March, 1982.

"The spectrum of sinus disease in children", Grand Rounds, Children's Hospital and Medical Center, San Diego, California, July, 1982.

"Skin testing", member of faculty at symposium re: Chymopapain Hypersensitivity, Boston, Massachusetts, August, 1983.

"Sinus disease", Grand Rounds, Sharp Memorial Hospital, San Diego, California, December, 1983.

"New horizons in the diagnosis and treatment of allergic disorders", Grand Rounds, Children's Hospital and Medical Center, April, 1984.

"Controversial issues in the diagnosis and treatment of allergies and asthma", Grand Rounds, Children's Hospital and Medical Center, April, 1985.

"Nocturnal asthma and cough", Symposium on Pediatric Sleep Disorders, Mercy Hospital and Medical Center, San Diego, October, 1985 and 1986.

"Results of a survey of practitioner attitudes to allergen standardization", at a workshop on "Progress in standardizing indoor allergens", American Academy of Allergy & Immunology, 1987.

"Recurrent and chronic respiratory tract infections: allergy, immunodeficiency, or normal?", Grand Rounds, Children's Hospital and Medical Center, San Diego, June, 1987.

"Recent advances in allergy & asthma--Parts I and II", presentation, Scripps Memorial Hospital, La Jolla, January & February, 1988.

Seltzer, J. and Goldman, M., "Correlation of Pharmacia's new nickel patch test with a history of jewelry allergy", presented at the American College of Allergy & Immunology meeting, November, 1988, Los Angeles.

"The Concept of Asthma as an Inflammatory Disease", Scripps Memorial Hospital - La Jolla Medicine Grand Rounds, July 12, 1988.

"Sick Building Syndrome", Grand Rounds, Scripps Memorial Hospital - Encinitas, August, 1989.

"What's on the Horizon in the Pharmacotherapy of Asthma", Presentation to the University of California, San Diego Department of Pharmacy, September 19, 1989.

"Creating a Healthy Indoor Environment", Grand Rounds, Children's Hospital and Medical Center, October 27, 1989.

"Food Allergy in Infancy", Pediatric Grand Rounds, Mercy Hospital and Medical Center, January 18, 1990.

"Urticaria: How to Change Hives into Hive-Nots", Continuing Medical Education Presentation at the California Medical Association, March 3, 1990.

"The Impact of the Indoor Environment on Health", HAZMAT WEST Convention, Long Beach California, November 8, 1990.

Chairman, Indoor Air Quality Session, HAZMAT WEST Convention, Long Beach, California, November 8, 1990.

"The Diagnosis and Treatment of Asthma and Allergies in Pregnancy", Sharp Memorial Hospital, Obstetrics-Gynecology Grand Rounds, December 13, 1990.

"The Diagnosis and Treatment of Urticaria, Angioedema, and Anaphylaxis", Grand Rounds, Maui Memorial Hospital, Wailuku, Maui, Hawaii, December 28, 1990.

"The Diagnosis and Treatment of Asthma and Allergies", Hilo Medical Society, Hilo, Hawaii, Hawaii, January 3, 1991.

"The Effect of Asthma and Allergies on Childhood Performance", Pediatric Grand Rounds, Kapialani Medical Center, Honolulu, Oahu, Hawaii, January 7, 1991.

Moderator, Postgraduate Education Course at the 1991 Annual American Academy of Allergy & Immunology Meeting, San Francisco: "The Relationship of the Indoor Environment to Health and Disease".

"Impact of the Indoor Environment on Health", Annual American Academy of Allergy & Immunology Meeting, San Francisco, March 2, 1991.

"Impact of the Indoor Environment on Health", International Facility Management Association, San Diego Chapter, March 13, 1991.

"Latest Trends in the Pharmacotherapy of Allergic Rhinitis", Latter Day Saints Hospital, Salt Lake City, Utah, March 29, 1991.

"Urticaria, Angioedema, and Anaphylaxis", St. Elizabeth's Hospital, Brighton, Massachusetts, August 22, 1991.

"Advances in Allergy: Developments in Diagnosis and Management", Pacific Science Center, Seattle, Washington, October 12, 1991.

"Novel Approaches for Treating Allergies & Asthma", Mission Bay Hospital, San Diego, February 20, 1992.

Moderator of the session entitled "Antihistamines & Rhinitis" at meeting in Dana Point, California on "Cases in Allergy", February 20-21, 1992.

Moderator, Symposium on Asthma, Children's Hospital, San Diego, and lecture entitled: "When to Seek the Help of an Allergist", San Diego, April 18, 1992.

"Exercise-induced Asthma", Grand Rounds, Fallbrook Hospital, Fallbrook, CA, May 7, 1992.

"The Effect of the Indoor Environment on Health", South Jersey Allergy Society, Cherry Hill, NJ, June 10, 1992.

Chairman, Session on Indoor Air Quality, HAZMAT International convention and gave lecture: "The Effect of the Indoor Environment on Health", Atlantic City, New Jersey, June 12, 1992.

Moderator and speaker at workshop at American College of Allergy & Immunology's Annual Meeting. Topic: "The Effect of the Indoor Environment on Health", Chicago, November 16, 1992; repeated at ACAI, 1993, Atlanta, GA.

"Biological Contaminants" and "Building Related Illness", two talks presented at symposium *The Problem of the "Sick" Building--Facts and Implications*, sponsored by the College of Medicine, University of South Florida and the American Academy of Allergy & Immunology, Orlando, Florida, December 3, 1992.

"Health Effects of the Indoor Environment", Guest lecture to Extension Course in Indoor Environmental Evaluations at University of California, San Diego, March 1, 1993.

One day course on Asthma, University of Utah Annual Family Practice Refresher Course, Salt Lake City, March 26, 1993.

"Biological Contaminants", University of Maryland School of Medicine, Division of Pulmonary Medicine, Department of Internal Medicine, Baltimore, March 30, 1993.

"The Effect of the Indoor Environment on Health and Asthma", Washington, D.C. Allergy Society, Bethesda, April 1, 1993.

"The Effect of the Indoor Environment on Health", Family Practice Symposium, Newport Beach, May 15, 1993.

"The Effect of the Indoor Environment on Health", San Diego Chapter, American Industrial Hygiene Association", San Diego, June 23, 1993.

"The Effect of the Indoor Environment on Health and Asthma", San Francisco Allergy Society, San Francisco, June 23, 1993.

"The Effect of the Indoor Environment on Health", UCSD Family Practice Residency Program, San Diego, August 18, 1993.

"The Effect of the Indoor Environment on Health", University of California, Irvine, Department of Occupational Medicine Grand Rounds, November 30, 1993.

"Impact of the Indoor Environment on Health", Mary Birch Hospital for Women, Sharp Memorial Hospital, Community talk, San Diego, March 19, 1994.

"Effect of Air Quality on Asthma", Grand Rounds, Children's Hospital and Health Center, San Diego, May 6, 1994.

"Asthma in Children", San Diego Unified School District counselors, San Diego, July 28, 1994.

"Impact of the Upper Airway on Sinus and Middle Ear Disease", Eli Lilly, Indianapolis, September 12, 1994.

"Medical databases", Computer Workshop: Practical Help For Troubled Times, American College of Allergy, Asthma, and Immunology, San Francisco, September 4, 1994.

"Effect of the Indoor Environment on Health", Center for Health Design Symposium, New York, November 18, 1994.

"Effect of the Indoor Environment on Health", Advances in Medicine Symposium, Maui, December 26, 1994.

"National Heart Lung Blood Institute's Guidelines on the Diagnosis and Treatment of Asthma", Advances in Medicine Symposium, Maui, December 28, 1994.

"Effect of the Indoor Environment on Health", Pacific Southwest Safety and Health Conference, San Diego, April 3, 1995.

"Evaluating Building Related Health Complaints", American Occupational Health Conference, American College of Occupational and Environmental Medicine, Las Vegas, May 4, 1995.

"Effect of rains on mold and pollen counts", Channel 10 news brief, March 3, 1995.

"National Heart Blood Lung Institute Guidelines for the Diagnosis and Treatment of Asthma:", Internal Medicine Grand Rounds, Scripps Memorial Hospital - La Jolla, La Jolla, April 4, 1995.

Participant in Symposium on Multiple Chemical Sensitivity sponsored by The Environmental and Occupational Health and Safety Institute, Robert Wood Johnson School of Medicine, New Jersey: discussant re: Research Design, September 21, 1995.

"Latest Advances in the Diagnosis and Treatment of Seasonal Allergic Rhinitis", Salt Lake City, March 21, 1998.

"Sources, Concentrations, and Assessment of Indoor Pollution", Indoor Air Quality Workshop, American Academy of Allergy, Asthma, & Immunology Annual Meeting, Washington, DC, March 17, 1998.

Satellite Media Tour: Live and taped interviews discussing allergies, particularly the affect of recent weather trends (*El Nino*) on the development of mold growth, and mold environmental control. WFAA (ABC)--Dallas-Fort Worth, WKBW (CBS)--Washington, DC,

WBAL (NBC)—Baltimore, WHBQ (Fox)—Memphis, WGHP (Fox)—Greensboro-H. Point-W. SA, WBNS (CBS)—Columbus, OH, KCTV (CBS)—Kansas City, KOMO (ABC)—Seattle-Tacoma, KPNX (NBC)—Phoenix, Fox News Edge (Fox)—National, WXIX (Fox)—Cincinnati, August 12, 1998.

"Killer Molds", American Bar Association Workshop, Los Angeles, April 9, 1998.

"Effect of the Indoor Environment on Health, with an Emphasis on Children", Keynote Address, Cleaning for a Healthy Indoor Environment Symposium, Seattle, Washington, October 16, 1998.

"Knowledge of and attitudes toward preventative asthma medications among American adults with asthma - results of a national survey", Key Pharmaceuticals Speaker's Bureau meeting, San Francisco, March 20, 1999.

"Ethical Issues for the Pharmaceutical Physician and Clinical Investigator", Co-Chairman, Workshop at Annual Meeting of the American Academy of Pharmaceutical Physicians, Arlington, VA, May 23, 1999.

"Airborne Contaminants and the Health of Our Children", South Coast Air Quality Management District - Children's Health and Air Quality, Newport Beach, February 4, 2000.

"What's New in Asthma Treatment", CMEA, Inc., Internal Medicine 2001 Fall Program, San Diego, California, November 5, 2001.

"The Role of the Allergist in Building Related Health Complaints", American Academy of Allergy, Asthma, & Immunology, Annual Meeting, March 19, 2001, New Orleans.

"Hypersensitivity Pulmonary Disease", CMEA, Inc., Internal Medicine 2001 Fall Program, San Diego, California, November 5, 2001.

"Pulmonary Function Testing Workshop", CMEA, Inc., Internal Medicine 2001 Fall Program, San Diego, California, November 5, 2001.

"Health Effects Caused by Mold", Lorman Education Services: Demystifying and Handling Mold Claims in California, Costa Mesa, California, November 8, 2001.

"Case Investigations, Including Microbial and Medical Strategies", Lorman Education Services: Demystifying

and Handling Mold Claims in California, Costa Mesa, California, November 8, 2001.

"Trends, Legislation, Other Indoor Air Quality Issues and Where We are Going", Lorman Education Services: Demystifying and Handling Mold Claims in California, Costa Mesa, California, November 8, 2001.

"Asthma and Airway Management", CMEA, Inc., Essentials in Emergency Medicine Part I, San Diego, California, January 17, 2002.

"Anaphylaxis: from Bees to Penicillin to Shellfish, CMEA, Inc., Essentials in Emergency Medicine Part I, San Diego, California, January 17, 2002.

"Pulmonary Function Testing" Workshop, CMEA, Inc., Essentials in Emergency Medicine Part I, San Diego, California, January 18, 2002.

"A physicians approach to mold-related health complaints", Grand Rounds, University of California, Irvine, Center for Occupational and Environmental Health, January 21, 2002.

"Building Inspections and the Allergist" Workshop Moderator, American Academy of Allergy, Asthma, & Immunology Annual Meeting, New York City, New York, March 3, 2002.

"Health Effects Caused by Fungi", Fifteenth Annual Workshop of Southern California society for Risk Analysis, University of California, Los Angeles, Westwood, California, May 23, 2002.

"Clinical Effects of Mold Exposure - What Do We Know?", American Industrial Hygiene Association Annual Meeting, San Diego, California, June 3, 2002.

Baxter, D.M., Seltzer, J.M., et al., "A Regional Comparison of Mold Spore Concentrations Outdoors and Inside Clean and Mold Contaminated Southern California Buildings", abstract presented for oral presentation by co-author Dan Baxter, American Industrial Hygiene Association Annual Meeting, San Diego, June 5, 2002.

"Evaluation of the Health Effects of Molds in Water Intrusion Personal Injury Claims" at Symposium: Cutting Edge Issues in Mold Litigation, San Diego, California, August 27, 2003.

"Evaluating the patient with complaints of mold-related health problems", National Institute of Building Sciences, San Diego, October 30, 2003.

"New therapeutic agents in the treatment of allergies and asthma", CME, Inc. Internal Medicine Annual Update, San Diego, California, November 21, 2003.

"Aspects of Allergies and Asthma in Active Patients", CME, Inc. Internal Medicine Annual Update, San Diego, California, November 21, 2003.

"Evaluation of the Health Effects of Molds in Personal Injury Claims", Mealey's Construction Defect and Mold Litigation Conference, Las Vegas, Nevada, December 13, 2003.

"Latex Allergy: More Than Skin Deep", internet course sponsored by RN.com - physician reviewer

"Evaluating Cases for Indoor Environmental Quality Problems", University of California, Irvine College of Medicine, Center for Occupational and Environmental Health, Irvine, California, August 10, 2004.

"Composing Med-Legal Environmental Causation Reports", University of California, Irvine College of Medicine, Center for Occupational and Environmental Health, Irvine, California, August 24, 2004.

"Pediatric Environmental Health - a Global Perspective", CME, Inc. Internal Medicine Annual Update, San Diego, California, November 11, 2004.

"An Allergist/Immunologist Approach to Mold Hypersensitivity - Diagnosis, Treatment and Scientific Perspective", Grand Rounds, University of California, Irvine, Center for Occupational and Environmental Health, Irvine, California, January 25, 2005.

"The Diagnosis of Mold-induced Human Disease: fact and fantasy", Grand Rounds, University of California, San Francisco, Division of Occupational and Environmental Health, San Francisco, California, February 10, 2005.

"Effective diagnosis and treatment of mold-induced human illness in children", Pediatric Grand Rounds, Kaiser Permanente, San Francisco, February 10, 2005.

"Ask the Expert - Mold", Annual American Industrial Hygiene Association, Anaheim, California, May 24, 2005.

"Mold: Health, Science, Medicine and the Law", Annual American Industrial Hygiene Association, Anaheim, California, May 24, 2005.

"[Pediatric] Asthma Management - a Multi-disciplinary approach", Annual Pediatric Environmental Health Specialty Unit (PEHSU) meeting, Arlington, Virginia, June 10, 2005.

"Review of the Current Status of the Medical Literature on Mold", Mealey's Symposium, Marina Del Rey, California, June 16, 2005. Audiotape available: [http://www.mealeys.com/AV%20order%20forms/mold\\_0605.pdf](http://www.mealeys.com/AV%20order%20forms/mold_0605.pdf)

"The Appropriate Use of Mold Analysis Data: Discriminating Fact from Fiction", Symposium - "M6+: Mold, Myth, Misery, Money, & Myth - Plus Management", Sponsored by Building Environment and Thermal Envelope Council, National Institute of Building Sciences, U.S. Department of Energy, U.S. General Services Administration, Oak Ridge National Laboratory, National Building Science Corporation, Orlando, Florida, June 21, 2005.

"Diagnosis and Treatment of Asthma in the Aging Patient", CME, LLC Issues In Aging Medical Congress, New Orleans, LA, July 16, 2005.

"Allergy Management in the Aging Patient", CME, LLC Issues In Aging Medical Congress, New Orleans, LA, July 16, 2005.

"Indoor air pollution and children's health", American College of Allergy, Asthma, & Immunology, 2005 annual meeting, Anaheim, CA, November 7, 2005.

"Building-Associated Illnesses", University of California, Irvine College of Medicine, lecture to residents in Division of Occupational and Environmental Medicine Irvine, CA, November 22, 2005.

"Medical aspects of personal injury litigation and mold", Mealey National Teleconference re: The Future of Mold Litigation, December 15, 2005. Audiotape available: [http://www.mealeys.com/AV%20order%20forms/mldtel\\_1205.pdf](http://www.mealeys.com/AV%20order%20forms/mldtel_1205.pdf)

"Adverse Effects of Active and Passive Smoke Exposure on Asthma and Rhinitis", Annual Meeting of the American Academy of Allergy, Asthma, & Immunology, Miami, March 4, 2006.

"Working with experts in toxic tort cases", Mealey National Teleconference, May 16, 2006.

"Diagnosis and Management of Chronic and Acute Asthma", Issues in Medicine, US Medical Congress Conference, CME LLC, Las Vegas, June 13, 2006.

"Care of Respiratory Tract Infections", Issues in Medicine, US Medical Congress Conference, CME LLC, Las Vegas, June 13, 2006.

"Case issues", Mealey's Construction Defect and Mold seminar, Scottsdale, Arizona, November 6, 2006.

"Environmental Evaluation of Mold, Moisture and Litigation", 2006 Annual conference of the American College of Allergy, Asthma, & Immunology, Philadelphia, November 11, 2006.

"The Environmental Evaluation of a Home: Evaluating Methods and Results", 2006 Annual conference of the American College of Allergy, Asthma, & Immunology, Philadelphia, November 13, 2006.

"Air Filtration and Health Effects of Indoor Air Pollution", 2006 Annual conference of the American College of Allergy, Asthma, & Immunology, Philadelphia, November 12, 2006.

"Mold, Fact & Controversy", Mold: State of the Medical and Environmental Science, Southern California Education & Research Center, University of California, Irvine, School of Medicine, Irvine, California, December 7, 2006.

Panel participant, session on asthma, National Institute of Environmental Health Sciences workshop: "Children's Environmental Health Research: Past, present, and future" meeting - Research Triangle Park, NC, January 22, 2007.

Participant, American Academy of Pediatrics Advocacy training program, Washington, D.C., February 12-13, 2007.

Presentation at workshop at 2007 AAAAI annual meeting, San Diego, "Adverse effects of active and passive smoking on asthma and rhinitis", February 24, 2007.

"Evaluation of Occupational and Environmental Allergic Disease", Presentation at University of California, School of Medicine, Division of Occupational & Environmental Health, Irvine, California, March 28, 2007.

"Healthy Homes", Grand Rounds, University of California, School of Medicine, Division of Occupational & Environmental Health, Irvine, California, March 28, 2007.

"Health Effects of Mold", Presentation at 2007 Annual Michigan Safety Conference, Grand Rapids, Michigan, April 17, 2007.

"Asthma and the hygiene hypothesis", Presentation at The 4<sup>th</sup> International Conference on Children's Environment and Health, Vienna, Austria, June 10, 2007.

"The health effects of mold in children", Presentation at The 4<sup>th</sup> International Conference on Children's Environment and Health, Vienna, Austria, June 11, 2007.

Chairman, Session on "Tobacco smoke and children", The 4<sup>th</sup> International Conference on Children's Environment and Health, Vienna, Austria, June 11, 2007.

"Mold: Fact and Fantasy", presentation at Sacramento Claims Association, Sacramento, California, July 12, 2007.

"Mold injuries and the science", Harris Martin's Mold Conference, San Francisco, California, September 21, 2007.

"Molds in Schools", Mid-Atlantic Conference on Children's Health and the Environment. Reston, Virginia, October 6, 2007.

Member of asthma panel and presenter re: pediatric asthma at "The 2007 Children's Environmental Health Workshop: Discover, Treat, Prevent, Prepare", Sponsors: U.S. Environmental Protection Agency & National Institute of Environmental Health, Washington, DC, October 11, 2007.

Program Co-chairman of Healthy Indoor Environments Forum, American College of Allergy, Asthma, & Immunology, Dallas, November 8, 2007.

"Building-related health effects and taking a health-related environmental history", Healthy Indoor Environments Forum, American College of Allergy, Asthma, & Immunology, Dallas, November 8, 2007.

"Selecting an indoor environmental quality consultant and interpreting environmental reports", Healthy Indoor Environments Forum, American College of Allergy, Asthma, & Immunology, Dallas, November 8, 2007.

"Mold, moisture, and litigation" workshop, American College of Allergy, Asthma annual meeting, & Immunology, Dallas, November 10, 2007.

"Health effects of mold", Grand Rounds, Department of Internal Medicine, University of California, Irvine School of Medicine, Irvine, November 27, 2007.

"Health effects of lead in children", South Coast Medical Center, Grand Rounds, Laguna Beach, California, January 16, 2008.

"Health effects of lead in children", Queen of the Valley Medical Center, Pediatric Grand Rounds, West Covina, California, January 28, 2008.

Co-Chairman, Mold: Current State of the Medical and Environmental Science 2008, 2<sup>nd</sup> Annual Symposium, Southern California Education & Research Center, Los Angeles, California, February 26-28, 2008.

"Health effects of molds", Mold: Current State of the Medical and Environmental Science 2008, 2<sup>nd</sup> Annual Symposium, Southern California Education & Research Center, Los Angeles, California, February 26, 2008.

"The medical evaluation of mold-induced illness or injury", Workshop. Mold: Current State of the Medical and Environmental Science 2008, 2<sup>nd</sup> Annual Symposium, Southern California Education & Research Center, Los Angeles, California, February 27, 2008.

"Interpretation of environmental findings and health significance", Workshop. Mold: Current State of the Medical and Environmental Science 2008, 2<sup>nd</sup> Annual Symposium, Southern California Education & Research Center, Los Angeles, California, February 28, 2008.

"Mold - Fact and Controversy", Mold: Current State of the Medical and Environmental Science 2008, 2<sup>nd</sup> Annual Symposium, Southern California Education & Research Center, Los Angeles, California, February 28, 2008.

"Health effects of mold: what's real and what's not" seminar, American Academy of Allergy, Asthma & Immunology annual meeting, Philadelphia, March 16, 2008.

"The Role of the allergist in health and the built environment", American Academy of Allergy, Asthma & Immunology annual meeting, Philadelphia, March 16, 2008.

"Sick Building Syndrome", Pulmonary Conference, Hoag Hospital, Newport Beach, April 24, 2008.

Upcoming presentations and activities:

"The National Children's Study", Pediatric Grand Rounds, Children's Hospital of Los Angeles, Los Angeles, May 16, 2008.

Consulting, Partial Client List:

U.S. Environmental Protection Agency  
University of California, Irvine School of Medicine  
Abbott Laboratories  
Almay  
Bayer Corporation  
Bristol-Myers Squibb  
Dura Pharmaceuticals  
Eli Lilly  
Glaxo Wellcome  
Hoechst Marion Roussel  
Janssen Pharmaceutica  
Key Pharmaceuticals  
Merck & Co.  
Novartis  
Parke-Davis  
Pfizer  
Pharmacia & Upjohn  
Purdue Pharma  
Reckitt & Coleman  
Rhone-Poulenc Rorer  
Schering-Plough  
Searle  
Sepracor  
SmithKlein Beecham  
Soap & Detergent Industry  
Solvay  
Wallace Laboratories  
Zeneca

United States Environmental Protection Agency

Research:

NIH Grant: National Institute of Environmental Health Sciences (NIEHS), ES-06214, September 1991 - August 1997, Title: Asthma and Air pollution-Aeroallergen Interactions

Two year summer research fellowship at the Winter Research Laboratory, Mount Sinai Medical Center, Milwaukee, Wisconsin, 1971 & 1972: Attempts at hematopoietic reconstitution of lethally irradiated mice in the search for a universal hematopoietic stem cell donor.

Continuation of hematopoietic stem cell work at L'Institut de Cancerologie et D'Immunogenetique at Villejuif, France; Supervised by Professor George Mathe' Summer, 1973.

Studies of the effect of histamine on pokeweed mitogen stimulated mononuclear cell proliferation and antibody synthesis, particularly IgE synthesis, 1980-1982.

Investigation of a new non-radioactive technique for determining total and specific IgE, 1983.

Standardization, relative potency testing, and determination of stability of allergen extracts (modified and unmodified), 1983-present, including standardization of extracts for the Bureau of Biologics, Food and Drug Administration.

Development of a Quality of Life Questionnaire for asthma and chronic or recurrent upper respiratory tract disease - ongoing.

Psychophysiological Patterns in Emotionally-Triggered Asthma: with Matthew M. Heeren, M.A. of the California School of Professional Psychology, Doctoral candidate: 1994 - 1997; also, thesis reader

Current & Future Interests:

The relationship between the indoor environment and health and disease.

Development of novel more effective pharmaceutical agents, particularly those with immunomodulatory effects

Autonomic nervous system abnormalities in people with stress-induced asthma

*April 8, 2008*
