Seminars on forensic economic topics, including basics of economic damages in personal injury cases, commercial matters and employment actions.
Call (800) 966-6099 to arrange a seminar.

The Firm: Established in 1980, The Center for Forensic Economic Studies is a firm of economists and statisticians specializing in the analysis of damages and liability issues in litigation.

Center economists assist clients with discovery, gather data, prepare clear, comprehensive reports and, when necessary, present credible testimony.

Visit the Center's Web site at www.cfes.com for more information on the Center's practice areas, for capsule biographies of Center principals, and for articles written by Center staff members.
