## Education

<u>Year</u>	<u>College or University</u>	<u>Degree</u>
2000	Southeastern Oklahoma State University	Masters of Education
1998	Southeastern Oklahoma State University	B.A.

Additional Graduate work in Computer Science at Northcentral University.  
Additional Graduate work in Mathematics at Mountain State University.

## Professional Experience

From: 2005  
To: Present  
Organization: Self Employed  
Title: Chuck Easttom Consulting  
I do specialized software development and computer security contracts as well as training for various corporate IT teams. My clients have included Devry University, Frontier Associates, Thompson Learning, and Comtech solutions. These projects made extensive use of .Net with both VB.Net and C# as well as SQL server and other technologies.

From: 2003  
To: Present  
Organization: Collin County Community College professional development  
Title: Adjunct Instructor (Part Time)  
I teach course to IT professionals in the latest computer security techniques, software development tools, and database management tools. I primarily teach Microsoft Official Curriculum Courses including SQL Server, C#, VB.net, and ADO.Net

From: 2003  
To: 2005  
Organization: Great American Insurance Company- Professional Liability Division  
Title: Systems Director  
Summary: In this position I oversaw all application development, web development, database administration, and network security for a division of an insurance company. This role combined management with hands on work in all of these areas. I was first hired as Systems Manager, then after 12 months promoted to Systems Director. I oversaw and was involved in all software development, web development, systems architecture, database administration, and system security. Our software development was done in VB 6.0, VB.Net, ASP, ASP.Net and C#.

From: 2000  
To: 2003  
Organization: Remington College  
Title: Department Chair for computer information systems department  
Summary: I was initially hired as an instructor and after 9 months was promoted to associate department chair. After an additional six months, I was promoted to department chair. I also taught a variety of computer science courses and managed the Computer Information Systems department.

From: 1999  
To: 2000  
Organization: Digital Speech Systems Inc.  
Title: Senior Software Engineer  
Summary: I began at digital speech as a software engineer and after one year of employment was promoted to Senior Software Engineer. My duties included developing voice mail and related software as well as mentoring new programmers.

From: 1998  
To: 1999  
Organization: Southeastern Oklahoma State University  
Title: Director of Academic Computing  
Summary: I began as the Director of Educational Technology for the School of Arts and Letters but he then took over the management the entire universities information systems. When I was promoted to the Director of Academic Computing for Southeastern Oklahoma State University. This means that I managed all technical support for the campus as well as all network administration and web development.

From: 1996  
To: 1998  
Organization: Alegis Corporation Systems Group  
Title: Software Engineer  
Summary: I began as a programmer and after six months was promoted to Software Engineer. I worked developing Windows based financial and collections applications for companies such as Boatman's Bank of St. Louis, Chrysler Financial of Auburn Hills Michigan, and Western Union.

From: 1995  
To: 1996  
Organization: Boeing Aerospace Operations  
Title: Contract Programmer/Analyst  
Summary: I worked as part of a team developing a Windows application to manage the maintenance and engineering tasks for the NATO AWACS.

From: 1991  
To: 1995  
Organization: Worked various technical support and computer sales jobs while attending college.

From: 1987  
To: 1991  
Organization: United States Army  
Title: Highest rank E-4  
Summary: Awards received – Army Service Ribbon, National defense medal, marksman badge with grenade component.

## **Litigation Experience**

- AVG vs. Microsoft – Patent infringement case. Worked for the plaintiff (represented by the firm of McKool Smith). The case settled out of court.
- Harrison vs. Comtech Solutions Worldwide inc – Software Copyright infringement case. I worked on behalf of Comtech Solutions (represented by the firm of WINTHROP & WEINSTINE, P.A.). Case was dropped.
- I do pro bono work assisting local law enforcement in computer criminal cases.
