CREDENTIALS

Thirty years in the United States Coast Guard serving as a Boatswains Mate and Chief Warrant Officer (BOSN). Experienced in the operation, navigation, and maintenance of vessels ranging from small craft to ships. Maintenance and proper use of aids to navigation. Directly and indirectly involved in thousands of Search and Rescue cases. Conducted a myriad of law enforcement boarding's to insure vessels were in compliance with federal laws and safety requirements. Conducted appropriate investigations when necessary, as well as inspected and issued citations for vessels, marinas, chemical facilities, oil transfer stations, tow boats and barges. Prepared comprehensive case files, written reports, affidavits, and provided testimony in cases involving marine related accidents, pollution incidents, illegal immigration, and drug interdiction. My experience encompasses operation and maintenance of vessels in and upon the high seas, inland waterways, western rivers, inland lakes and rivers.

EXPERIENCE

1992 – PRESENT MARINE SAFETY CONSULTANT

Provided consulting and litigation support for plaintiff and defendant for over 20 years. Investigate and analyze marine mishaps. Determine likelihood of product liability, human error, negligence, and gross negligence for litigation support. Provide expert testimony for trials and depositions throughout the United States in both state and federal court. Prepare affidavits and written reports for litigation. I have been involved in litigation support in cases involving negligent operation, violations of U S Coast Guard Navigation Rules, wake damage, violations of state boating laws, vessel maintenance, jet ski and wave runner mishaps, OSHA Regulations, ABYC Standards, Jones Act, Longshoreman, life jackets, aids to navigation, marlinespike seamanship, docks, seawalls, Safety Management System, captain and crew responsibility, and warning signs that apply to a marine environment.
