

Publications of forensic relevance

Over 200 first authored or sole authored publications (including abstracts) are available in Dr Neppe's curriculum vitae. This includes six different books (plus revised or updated revisions) (some in press) and more than thirty chapters.

An extensive CV with publications listing is available but not to the public on the Internet. Consequently please contact Dr Neppe's office at 206 527 6289 for an EMailled copy, or obtain through following the weblink below: <http://www.PNI.org/CV> This will request your EMail and send to you the appropriate links.

Special links to Dr Neppe's background.

Additionally please visit <http://www.PNI.org> including <http://www.PNI.org/clinical> and <http://www.PNI.org/forensics>. For Dr Neppe's book, Cry the Beloved Mind, and further biographical details, visit <http://www.brainvoyage.com> and particularly <http://www.brainvoyage.com/moreinfo.php>

A great deal of information is at this site;

<http://www.jurispro.com/expertsearchResult.asp?SubCatID=&explD=322929075&sString=Neppe&sWhere=BYNAME>

This includes a 1 minute audio recording (press under the photo of Dr Neppe)
