- (a) Presented to the Washington State Medical Society Annual Convention September 1961
- (b) Northwest Medicine 61:2, pp. 166-170, February 1962

29. Ehler-Danlos Syndrome, Northwest Medicine, July 1962

30. Marfan's Syndrome, Northwest Medicine, 68:7, pp. 976-979, July 1959

31. Constipation, The Medical Times, 87:4, pp. 532-535, April 1959

32. Book Reviews, Northwest Medicine (1957 *et seq.*).

33. Painless Myocardial Infarction, Northwest Medicine, 57:3, pp. 319-325, March 1958

34. Insulin Desensitization by an Easy Method, Clinical Medicine, 4:4, pp. 463-466, April 1957

35. The Bowel Myth, Current Medical Digest, 24:2, pp. 46-50, February 1957
(permission for editorial condensation requested by The Saturday Evening Post)

36. Insulin Sensitivity, Northwest Medicine, 55:6, pp. 657-658, June 1956

37. Bronchial Adenoma, Guthrie Clinic Bulletin, August 1953

38. The Gall Bladder Story - scientific exhibit (with P.L. Shallenberger, Henry Perry and Donald Clough as co-authors)

Presented at:

American Medical Association, New York, New York, June 1953

Pennsylvania State Medical Association, Pittsburgh, Pennsylvania, September 1953

39. Sigmoidoscopic Examination - Indications, Techniques and Analysis of 4,500 Consecutive Cases (with P.L. Shallenberger as first author), Gastroenterology, 23, pp. 612-619, April 1953

40. Sigmoidoscopy - Report on 4,500 Consecutive Examinations, (with P.L. Shallenberger
(a) Read at National Convention, American Medical Association, Chicago, Illinois, 1952
(b) Presented as a scientific exhibit at:
American College of Surgeons, San Francisco, California, November 1951
American Medical Association, Chicago, Illinois, June 1952
Pennsylvania Medical Association, Philadelphia, Pennsylvania, October 1952
Postgraduate Interstate Medical Association of North America,
International Assembly, Cleveland, Ohio, November 1952
New Jersey State Medical Association, Atlantic City, New Jersey, May 1953
Wisconsin State Medical Association, Milwaukee, Wisconsin, October 1953
(c) Exhibit presented in abstract:
(1) Post Graduate Medicine (The Guthrie Clinic Issue), 13: 1, p. 49, January 1953
(2) Modern Medicine, pp. 89-93, May 1953
41. Concurrent Lymphoma of Lung and Stomach (with P.L. Shallenberger as first author), Journal of Thoracic Surgery, 24:6, pp.637-641, December 1952
42. Diabetic Coma Treated with 8,500 Units of Insulin in 24 Hours (with S. Conklin as first author), Bulletin of the Guthrie Clinic, July 1952.
43. Polyps of the Rectal Colon (with P.L. Shallenberger as first author), Bulletin of the Guthrie Clinic, 21:140, April 1952
44. Basal Metabolic Rate and Oxygen Consumption in Diabetic Acidosis, Journal of Clinical Investigation, 31:125, January 1951
45. Use of an Antihistaminic Drug for Treatment of the Common Cold at a Summer Camp for Boys, American Journal of Diseases of Children, 81:530, April 1951
46. Severe Pyelonephritis Due to Friedlander's Bacillus Treated Successfully with Streptomycin, Annals of Internal Medicine, 35:117, November 1952
47. The Role of Ketone Bodies in the Etiology of Diabetic Coma, American Journal of Medical Sciences, 221:384, April 1951
(a) Abstracted in JAMA, June 1951
(b) Abstracted in Diabetic Abstracts, June 1951
(c) Published in condensed form in Diabetes 1: 108, March-April 1952; discussion by Edward Dillon, M.D. and Samuel Soskin, M.D.
(d) Read at:
(1) American Diabetes Association National Convention, June 1951
(2) Blockly Medical Society, Philadelphia General Hospital October 1950
(e) Awarded Annual prize, Philadelphia General Hospital for Best Essay on Original Research, 1949.
