PROFESSIONAL EXPERIENCE

Physician Assistant, Orthopedic Surgery – Kaiser Permanente Washington: Seattle, WA August 2019 - Present

- Independently evaluate and manage a high volume of orthopedic patients in a clinic setting.
 - Conduct comprehensive assessments and provide education for both pre-operative and post-operative care.
 - Use EMR (Epic) proficiently, including dictation and AI to generate notes.
 - First Assist in the operating room for all sub-specialties in orthopedics.
 - Perform minor procedures in a clinical setting (i.e., injections, casting/splinting, suturing, fracture management and reductions using fluoroscopy). - Collaborate closely with orthopedic surgeons and other subspecialists to enhance patient outcomes.
 - Participate in call rotations, including ER consultations and weekend coverage.
 - Analyze imaging, lab results, and patient history to adjust and optimize patient treatment plans.
 - Hospital rounds.

Physician Assistant, Orthopedic Surgery – The Polyclinic: Seattle, WA November 2017 – August 2019

- Managed independent clinic operations, including evaluation, treatment, and education for new, pre-operative, and post-operative patients.
 - Perform in-clinic procedures independently, such as wound care and injections.
 - Review lab results, conduct fracture evaluations, and round on inpatients daily to support continuity of care.
 - Cover call with supervising MD.
 - Assisted in a variety of orthopedic surgical procedures, adhering to care standards and best practice guidelines.

Surgical Technologist – St Joseph Hospital: Tacoma, WA September 2013 – September 2015

- Supported surgeons in the operating room, managing surgical instruments and specimens.
 - Ensured sterile technique, assisted with sterile draping, and maintained sterile field integrity.
 - Prepared sterile dressings and managed post-procedure patient care requirements.

Surgical Technologist – St Anthony Hospital: Gig Harbor, WA August 2010 – September 2013

- Verified surgical supplies and equipment prior to procedures, set up sterile tables with all necessary instruments, supplies, and medications.
 - Conducted detailed counts with the circulating nurse to ensure accuracy pre-operation and before closure.

CLINICAL ROTATION

Family Medicine Preceptorship – Advanced Family Medicine: Redmond, WA September 2016 – January 2017 - Conducted patient assessments, obtained history, physical exams, and performed minor procedures under supervision.
