SUMMARY OF EXPERTISE

Dr. Forrest is a Licensed Clinical Psychologist specializing in clinical and forensic psychology. She has nearly three decades of clinical experience and has worked in hospital and private practice settings. In addition to Counseling and Psychotherapy services, Dr. Forrest provides detailed psychological evaluations.

Since June 2011, she has served as a Qualified Medical Evaluator in the state of California. Her experience also includes six years as an Independent Medical Examiner with a focus on evaluating Employment Development Department (EDD) recipients where malingering and/or feigning may be suspected. Dr. Forrest has completed formal expert witness training with the SEAK organization.

Dr. Forrest has served as a consultant, evaluator, and/or expert witness in cases regarding psychological injuries related to:

- Trauma arising from catastrophic incidents
- Trauma arising from chronic stressors
- Posttraumatic Stress Disorder
- Sexual, emotional, and physical abuse
- Addiction
- Chronic Pain
- Personality Disorders
- Disability
- Sexual Harassment
- Discrimination
- Undue Influence

Dr. Forrest has also served as a consultant, evaluator, and/or expert witness in cases regarding:

- Medical Treatment Planning
- Medical Malpractice
- Fitness for duty
- Wrongful Termination
- Validity and Malingering
- Immigration
- Family Law
- Civil Cases
- Employment
- Worker's Compensation

Dr. Forrest is a military veteran who served as an active member of the United States Air Force from 1975 to 1979. She received citations for her educational excellence while serving in the military.
