

DEBORAH HERCHELROATH, DO, FACOOG (DIST), MSCP

Board Certified Obstetrician & Gynecologist

djmilstein@yahoo.com/717-649-9072

MEDICO-LEGAL EXPERTISE

Board certified Obstetrician-Gynecologist with over 25 years of clinical experience and thousands of lifetime deliveries. Practices in a tertiary referral-center hospital providing care to a predominantly high-risk and medically complex population (approximately 85–90%). Recognized expertise in acute obstetric management, risk stratification, and application of evolving standards of care. Serves as a board examiner and medical expert reviewer, routinely assessing physician performance and clinical decision-making in complex cases.

In addition to high-acuity obstetrics, I am a **Menopause Society Certified Practitioner (MSCP)** with expertise in midlife health and menopausal hormone therapy management.

Obstetric Expertise Includes:

- Hypertensive disorders of pregnancy (including preeclampsia, HELLP Syndrome, etc.)
- Obstetric hemorrhage with management of massive transfusion protocols
- Shoulder dystocia management
- Emergent and urgent cesarean delivery
- Operative vaginal delivery
- Trial of labor after cesarean (TOLAC/VBAC)
- Independent interpretation of fetal heart rate tracings
- Multidisciplinary obstetric emergency response

Midlife & Menopause Expertise Includes:

- Menopausal hormone therapy (systemic and local)
- Risk assessment for VTE, cardiovascular disease, and breast cancer
- Management of abnormal uterine bleeding in perimenopause
- Compounded hormone therapy evaluation
- Documentation and informed consent standards in menopause care

Provide independent, clearly communicated, objective medical record review and expert opinion regarding:

- Standard of care
- Risk assessment and prescribing decisions
- Documentation adequacy
- Systems and patient safety considerations

Available for record review, written reports, deposition, and trial testimony.
