

CURRICULUM VITAE

Derek Ream, Psy.D., M.S.

FORENSIC PSYCHOLOGIST

Sugar Land, Texas 77479 | (281)-402-9227 | office@sugarlandpsychologicalassociates.com

EDUCATION

12/2025 (Expected) Teaneck, NJ	Post-Doctoral Master of Science (M.S.CP.) in Clinical Psychopharmacology Fairleigh Dickinson University, <i>APA-Designated</i>
08/2021 Miami, FL	Doctor of Psychology (Psy.D.) in Clinical Psychology Albizu University, <i>APA-Accredited</i> <u>Concentration:</u> Neuropsychology <u>Dissertation:</u> <i>Neuropsychological Effects of Bilingualism on Processing Speed in Individuals with a Traumatic Brain Injury.</i>
12/2017 Miami, FL	Master of Science (M.S.) in Psychology, Distinction Albizu University
05/2015 Dallas, TX	Master of Science (M.S.) in Applied Cognition and Neuroscience The University of Texas at Dallas
12/2012 Denton, TX	Bachelor of Arts (B.A.) in Sociology University of North Texas <u>Minor:</u> Psychology
05/2011 McKinney, TX	Associate of Arts (A.A.) in General Studies Collin College

LICENSURE & QUALIFICATION

LICENSURE:

10/2022 – Present	Licensed Psychologist (39590) Texas State Board of Examiners of Psychologists
12/2021 – Present	Licensed Psychologist (P.08251) State of Ohio, State Board of Psychology

QUALIFICATION:

11/2022 – Present	Authority to Practice Interjurisdictional Telepsychology (13058) Psychology Interjurisdictional Compact (PSYPACT) Commission Association of State and Provincial Psychology Boards
-------------------	---

PROFESSIONAL EMPLOYMENT

- 09/2022 – Present
Sugar Land, TX
Forensic Psychologist | Owner & CEO
Sugar Land Psychological Associates, PLLC
Responsibilities: Lead and manage a group private practice, overseeing a team of psychologists, psychology residents, post-doctoral trainees, and administrative staff. Key responsibilities include providing clinical supervision to trainees, oversee strategic marketing initiatives, manage financial operations. Take charge of recruiting, hiring, and onboarding new providers and support staff to build a cohesive and high-performing team. As a psychologist, deliver expert evidence-based individual, group, and couples therapy, alongside conducting comprehensive clinical and forensic psychological assessments.
- 09/2022 – 10/2023
Houston, TX
Clinical Psychologist
Substance Disorders Treatment Program
Michael E. DeBakey Veterans Affairs Medical Center
Responsibilities: Provide initial psychological evaluations in an outpatient substance disorders program, and treat substance use and mental health disorders through a variety of individual and group psychotherapies using EBPs. Major focus on providing assessments and EBPs within an Intensive Outpatient Treatment Program (IOTP) treating dual diagnoses (e.g., chronic pain, trauma, insomnia, SMI). Additional duties include conducting psychological testing via the Psychological Testing Clinic, and teach medical students, psychiatry residents, psychology interns and post-doctoral fellows.

ACADEMIC APPOINTMENTS

- 09/2022 – 10/2023
Houston, TX
Assistant Professor
Baylor College of Medicine
Menninger Department of Psychiatry and Behavioral Sciences
- 08/2020 – 08/2021
Springfield, OH
Adjunct Professor
Clark State College
Course(s): Introduction to Psychology

SUPERVISED TRAINING EXPERIENCE

- 08/2021 – 09/2022
Columbus, OH
Post-Doctoral Fellowship in Clinical Psychology
Behavioral Health Interdisciplinary Program (BHIP)
VA Central Ohio Healthcare System
Chalmers P. Wylie Veterans Affairs Ambulatory Care Center
Supervisors: Nathan Tomcik, Ph.D., ABPP & Christopher Ray, Ph.D., ABPP
Responsibilities: Provided initial psychological evaluations in a general outpatient mental health clinic, engaged in psychological and psychoeducational testing for a wide variety of referral reasons, and, treated mental disorders through a variety of individual and group psychotherapies using EBPs. Conducted behavioral health triage and engaged in same-day access services. Consulted with medical center staff on a wide variety of patient care issues and presented didactic seminars to psychology interns that were part of the APA-accredited health service psychology internship program. Experiences were undertaken as an informal post-doctoral fellowship, with at least two hours of weekly individual supervision by a licensed psychologist.

07/2020 – 06/2021
Chillicothe, OH

Internship in Health Service Psychology

Chillicothe Veterans Affairs Medical Center, *APA-Accredited*

Training Directors: Jenna Plumb-Sisson, Psy.D. & Stephen Owens, Ph.D., ABPP

Acute Psychiatry/Psychosocial Residential Rehabilitation Treatment Program

Supervisor: Margaret DeHoff, Psy.D.

Responsibilities: Worked within a residential setting and a multidisciplinary team serving veterans with severe mental illness and substance use difficulties. Duties included conducting risk assessment for suicide and homicide, providing diagnostic clarification through formal psychometric testing and diagnostic interviewing, and offering input to a multidisciplinary team regarding readiness for discharge and treatment recommendations. Additional duties consisted of providing brief and long-term psychotherapy for individuals and groups. Primary emphasis in case conceptualization, intervention, and treatment planning with training in Social Skills Training, Motivational Interviewing, and other evidence-based psychotherapies.

Neuropsychology Clinic

Supervisor: Rebecca Resavy, Psy.D.

Responsibilities: Functioned within an outpatient setting conducting neuropsychological assessments with rural Appalachian veterans. Duties emphasized diagnostic clarification, treatment recommendations, capacity evaluations, and evaluation of disease progress. Rotation also emphasized conceptualization of data and clinical interview data, as well as providing immediate assessment feedback. Rotation focused on didactic seminars including VISN teleconference series, as well as seminars focusing on neuroanatomy, and presentation of neuropsychological diseases. Rotation also emphasized directed readings within the field of neuropsychology.

Pain Psychology Clinic

Supervisor: Laura Smith, Ph.D.

Responsibilities: Served as a member within a multidisciplinary pain management team treating chronic pain conditions. Duties included targeting cognitive, behavioral, and emotional factors linked to chronic pain in a self-perpetuating cycle. Major focus on assessment and diagnosis of psychiatric difficulties associated with chronic pain such as PTSD, depression, anxiety, interpersonal stressors, and substance use disorders. Interventions included individual treatments with an emphasis on Cognitive Behavioral Therapy-Chronic Pain, Motivational Interviewing, and other time-limited therapies. Additional duties included participation in staff education, and designing of patient education material.

PTSD/Substance Abuse Treatment Program Clinic

Supervisors: Kamara McGill, Ph.D. & Lindsay DeMuth, Psy.D.

Responsibilities: Functioned in both an outpatient and residential setting conducting psychological assessments to aid in the diagnosis of PTSD and substance use disorders among Appalachian/rural veteran population. Significant focus on treatment of veterans who struggled with substance use and trauma-stressor-related disorders. Training included major emphasis on Motivational Interviewing, Problem Solving Therapy, Cognitive Behavioral Therapy-Insomnia, and specialized/certified VA training in Cognitive Processing Therapy. Additional duties included participation in tobacco cessation interventions and collaboration within a multidisciplinary treatment team.

- 08/2018 – 08/2019
Miami, FL
- Externship in Rehabilitation Psychology**
Design Neuroscience Center
Supervisors: Isaac Tourgeman, Ph.D. & Ivelisse Raimundi, Psy.D.
Responsibilities: Major focus on providing individual and group psychotherapy, and cognitive rehabilitation in an outpatient neurology clinic. Additional duties consisted of conducting initial intake/evaluations, administering and scoring flexible neuropsychological batteries, writing integrated diagnostic reports, presenting didactic training seminars, conducting crisis assessments and interventions, and delivering feedback to patients regarding their neuropsychological performance. Populations served include adults, geriatrics, forensic, pediatrics, and individuals residing in the Caribbean via tele-therapy.
- 08/2017 – 08/2018
Miami, FL
- Externship in Clinical Neuropsychology**
University of Miami, Leonard Miller School of Medicine
Department of Psychiatry and Behavioral Sciences
Division of Neuropsychology
Supervisor: Rene Hernandez-Cardenache, Psy.D., M.S.Ed.
Responsibilities: Administered and scored flexible neuropsychological batteries to aid in the diagnosis and treatment planning of patients presenting with a variety of neurocognitive complaints and syndromes. Additional responsibilities included writing integrated diagnostic reports, presented didactic seminars to other externs, interns, residents and faculty members, assisted in teaching of psychiatry residents, and, attended ground rounds on a weekly basis.
- 01/2017 – 08/2017
Miami, FL
- Externship in Clinical Psychology**
Albizu University
Goodman Psychological Services Center
Supervisor: Evangelina Alonso, Psy.D.
Responsibilities: Conducted biopsychosocial interviews and provided psychotherapy within an outpatient community mental health clinic. Additional duties consisted of administering rating scales and inventories to ascertain cognitive, emotional, and behavioral attributes of the patient.
- 12/2013 – 08/2014
Dallas, TX
- Graduate Extern**
The University of Texas Southwestern Medical Center
Department of Neurology and Neurotherapeutics
Supervisor: Munro Cullum, Ph.D., ABPP
Responsibilities: Recruited subjects to participate in new studies being conducted by the Alzheimer's Disease Center. Additional duties consisted of rounding with a neurologist, discussed neuropsychological testing and brain-imaging results, and assisted with the neurological examination.

RESEARCH EXPERIENCE

- 08/2014 – 12/2014
Richardson, TX
- Graduate Research Assistant**
The University of Texas at Dallas
Music Perception and Cognition Lab
Supervisor: J. Walter Dowling, Ph.D.
Responsibilities: Recruited college students to participate in a study that investigated perceptions of musical phrases between western and eastern styles of music. Additional duties consisted of administering the testing stimulus (e.g., computer/MATLAB based program).

08/2013 – 08/2014 **Graduate Research Assistant**

Dallas, TX

The University of Texas Southwestern Medical Center

Department of Neurology and Neurotherapeutics

Division of Neuropsychology

Supervisor: Munro Cullum, Ph.D., ABPP

Responsibilities: Reviewed common neuropsychological, neurological and neurosurgical literature as well as clean and analyze data via SPSS to prepare conference posters and manuscripts for scholarly publication. Additional duties included ad-hoc peer reviewing of manuscripts in journals of clinical neuropsychology.
