Clinical & Leadership Experience

Sound Physicians - Frederick Health Hospital, Frederick, MD 3/2021 - present

Associate Medical Director & Vice Chair, Emergency Medicine

Perform day-to-day operational supervision for a high-acuity community ED (~70,000 visits/year)
Manage and schedule a team of over 40 full-time, part-time and locums EM physicians and APPs
Collaborate extensively with hospitalist, ICU, observation, pediatric, nursing and hospital leadership
Recruit, onboard and participate in the credentialing and orientation of new physician and APP staff
Develop EHR and operational solutions to drive improved throughput and high-quality care delivery via collaboration with ED nursing, pharmacy, IT and hospital leadership
Committee Membership: MROC, P&T, Credentialing, ED Steering, Expanse Workgroup, H/SPAC

Interim Medical Director, Pediatric EM: 10/2021 - 1/2022

Lead a team of 4 pediatricians and 8 locums staff for pediatric combined unit (~12,000 visits/year)
Collaborated with pediatric nursing, hospital and Sound Physicians leadership to continue delivering high-quality care in the county's only pediatric ED
Ensured continuous 24/7 coverage of the pediatric ED during a period of staffing crisis and COVID surge
Successfully signed permanent pediatric EM/Hospitalist director and supported leadership transition

Alteon Health - Carroll Hospital, Westminster, MD 8/2019 - 4/2021

Attending Emergency Physician: 8/2019 - 4/2021

Served as Alteon Health Administrative Fellow (various projects)
Selected for Alteon Leadership Academy, Class of 2020-2021

Carroll Hospital Telehealth Site Director: 7/2020 - 4/2021

Supervised and coordinated ED post-discharge audio and video telemedicine visits, ~120/month
Managed and scheduled team of 13 emergency MDs and APPs
Developed telemedicine training resources and clinical protocols

Telemedicine Physician, Sky Physicians (Division of Alteon Health): 4/2020 - 10/2021

Performed asynchronous chat-based telemedicine visits (5-15 pts/session)
Managed urgent/non-emergent conditions, patient education and triage for at-risk populations

Full Code Medical

Director of Content, Senior Clinical Editor 1/2018 - present

Manage case publication cycle including peer review, QA and scheduling
Manage a team of 20+ clinical contractors and content contributors performing case peer review
Supervise content development team and collaborate extensively with product, sales and marketing leaders
Author and peer review contributions to Full Code case library
Revise and update clinical library content and guide new feature development
