## WORK EXPERIENCE

**ABS Kids, Rancho Cucamonga, CA**      April 2021-Present

*Licensed Clinical Psychologist*

Worked as a clinical psychologist conducting psychological evaluations, in-person and virtually, for children ages 2-17. Assessed for a variety of psychological conditions including, ASD, ADHD, PTSD, MDD, IDD, anxiety, depression, etc. Reviewed psychometric results, developed reports, made recommendations, completed diagnostic procedures, reviewed results with patient and family. Provided psychoeducation to parents and patients. Consulted with BCBA staff to ensure current patients were receiving appropriate care and to provide psychological input as necessary. Created and ran monthly trainings for multidisciplinary teams. Clinical supervisor for predoctoral and postdoctoral psychological associates. Assisted in developing an accredited post-doctoral training program.

**Vision Counseling Services, Rancho Cucamonga, CA**

Fall 2021-Fall 2024

*Licensed Clinical Supervisor-Contracted position*

Worked as a clinical supervisor for predoctoral and postdoctoral students, training and supervising their experiences with therapy practices and psychological evaluations. Provided clinical oversight for case loads, reviewed therapy notes, psychological evaluation reports, and provided training. Completed progress evaluations for school based internship programs.

**Institutes of Health, San Diego, CA**      Nov. 2020-Mar. 2021

*Individual and Group Clinical Psychologist*

Worked as a clinical psychologist conducting individual and group therapy sessions in both English and Spanish for patients experiencing chronic pain related to an industrial injury. Completed psychometrics to evaluate for changes in cognitive/emotional status as a component of measure return to work capacities. Worked in collaboration with professional as multi-disciplinary team approach to holistic-whole person wellness. Reduce maladaptive thought process and behaviors, reduced, trauma, improved sleep and overall daily function with patients using CBT, ACT, CPT, EPT, existentialism, client focused modalities. Completed daily documentation, developed lesson plans for both English and Spanish process groups, psychoeducational groups, and support groups as dictated by the needs of the patient population. Worked with patients experiencing cognitive difficulties due to TBI and assisted in the resolution of complex trauma and PTSD patients.

**San Bernardino County Department of Behavioral Health-Conservatorship Investigator** Jan. 2019-Nov. 2020

*Clinical Therapist I, Licensed Psychologist, Waivered*

Worked in the Conservatorship Investigation Unit as a conservatorship investigator. Completed evaluations of patients at a variety of medical and healthcare facilities including those Acute Psychiatric Facilities designated as LPS facilities. Evaluated patients for grave disability and made recommendations regarding temporary and permanent LPS conservatorship. Determined appropriate level of placement based on specific patient needs. Made recommendations regarding additional support services if the patient was not appropriate for LPS conservatorship. Re-established patients LPS conservatorship based on annual needs and continued gravely disabled status. Contacted collateral support systems as necessary and available to acquire relevant patient histories as permitted by the CA welfare and institutions legal codes. Evaluated documentation to ensure patient was on a legal hold prior to making recommendations regarding conservatorship. Completed reports for the CA superior courts as appropriate and ordered including psychosocial reviews, placement level recommendations, and reports to support the need for permanent LPS conservatorship. Worked with diverse populations of chronically, severely, mentally ill, and substance dependent patients. Maintained professional relationships across a variety of county and state departments.

**South Coast Community Services, Rancho Cucamonga** Oct. 2017-Nov. 2018

*Clinician, Board Registered Psychological Assistant PSB 94022600*

Worked in the Wraparound Program, contract agency, for persistently mentally ill, children in foster care or on probation. Performed intake evaluations, and psychological (clinical) assessments, developed treatment plans, provided child and adolescent and family therapy services through a trauma focused lens, incorporating cognitive behavior therapy, psycho-education, person-centered and play therapy, crisis intervention, brief therapy, as well as client centered advocacy, such as providing resources and appropriate referrals. Worked with diverse populations and provided services to adult individuals, children, and families under supervision. Conducted case management/intensive care coordination and worked as a part of a multi-disciplinary team to meet the needs of children and their families. Traveled throughout all of Southern California to provide services. Worked with previously incarcerated individuals recently released from correctional settings with persistent mental illnesses and co-occurring substance abuse disorders. Coordinated care transitions between highest level of care group homes and foster homes.

**ABLE Mediation and Counseling Services, Inc., Rancho Cucamonga, CA** Aug. 2015-Sept.2017

*Clinical Psychology Trainee, Board Registered Psychological Assistant PSB 94022600*

Developed and implemented a training protocol for practicum students and Marriage and Family Therapist Interns. Provided weekly supervision to trainees and interns. Managed between 7-15 practicum students and marriage and family therapist interns. Conducted all complete clinical psychological batteries for the center. Performed intake evaluations, psychological assessments and examinations, developed treatment plans, provided counseling and child and family therapy services, as well as client centered advocacy and connected individuals/families to appropriate referrals. Worked with diverse populations and provided services to adult individuals, couples, children, and families. Provided court mandated psychoeducational classes such as parenting and co-parenting. Educated clients about services and resources in their area as appropriate to their needs (AA locations, women's shelters, legal aid centers, etc.)

**Connecting Dot By Dot, Covina and San Gabriel Valley, CA Apr. 2014 -Dec. 2014**

*Clinical Supervisor*

Supervised up to 36 active cases and provided individual counseling for up to 5 clients ages ranged from 5 to 23. Provided individual and group supervision, as well as training and consultation in ABA and other evidence-based practices for up to 11 staff. Conducted staff meetings (trainings) to discuss client development, problem areas, training needs, etc. Developed and implemented morale building protocols to increase staff retention. All clients had pervasive developmental disorder diagnoses.

Conducted mental health assessments, treatment planning, program development, created stimuli and wrote progress reports for all supervision and direct clients. Maintained positive relationships with families, direct staff, and assisted in scheduling, and increasing the amount of service hours provided by direct staff. Worked with clients in home, and out in the community.

Individual counseling sessions were in regarding psychosexual education and preparation.

**Coyne and Assoc, Murrieta and Inland Empire, CA Jan. 2012-May 2013**

*Early Childhood Interventionist*

Counseled children diagnosed with autism on a 1:1 basis with an emphasis on parent training. I focused on in home education, usually two-hour sessions, in which I assisted children with learning educational, social, self-help, and early childhood skills. Skills taught included potty training, hygiene practices, speech development, non-verbal communication with family members and others, social interaction, play skills, and other skills with which the child or family was in need of assistance. Trained parents on how to develop and teach their own skill acquisition program with their child.
