I'm a vastly experienced, Board Certified Fellow of the American College of Emergency Physicians with over 19 years of experience as an attending physician in the emergency department. I have seen tens of thousands of patients in various environments such as Urban Level 1 trauma teaching centers, small and mid sized rural departments, Indian reservations, and numerous free standing Emergency Departments throughout the country. I've remained clinically active full time, and depending upon the facility, also help mentor students and residents in the ED clinical setting. I'm interested and more than qualified to objectively evaluate your questions and concerns pertaining to the Emergency Department evaluation, care and claims, including those pertaining to medical malpractice and negligence. Examples include, but are not limited to - Acute Coronary Syndrome, Aneurysm's, Aortic Dissection, Appendicitis, ARDS ( Adult respiratory Distress Syndrome ), Arterial Embolism, Cardiac Arrest, Cauda Equina Syndrome, Central Cord Syndrome, Central Pontine Myelinolysis, Cerebral Venous Thrombosis, Chest Pain, Cholecystitis, Colitis, Compartment syndrome, Delayed Diagnosis and / improper treatment, Difficult Intubation, EMTALA, Encephalitis, Improper performance of procedures, Incarcerated hernia, Intracranial hemorrhage ( ICH ), Mesenteric ischemia, Meningitis, Missed diagnosis, Myocardial infarction, Necrotizing Fasciitis, Pain control, Pulmonary Embolism, Respiratory Failure, Sepsis, Small Bowel Obstruction, Spinal Epidural abscess / Hematoma, Stroke, Subarachnoid Hemorrhage ( SAH ), Subdural and Epidural Hematoma, Torsions, Trauma, Wrongful death, etc.

I have the knowledge, experience, and integrity to take complex medical issues and break them down into layman's terms, and provide you with an unbiased, evidence based opinion as to whether or not I believe your case has merit from an emergency perspective.

I check my phone and email frequently, so if I don't answer initially I will get back to you promptly ( same or next day ).
