EMPLOYMENT EXPERIENCE

2021-Present

***Chief Dietitian Officer* – United States Public Health Service**
200 Independence Ave, S.W.
Washington, D.C. 20201

Primary Duties
- Advise the Office of the Surgeon General, Commissioned Corps Headquarters (CCHQ), and Agency heads and program advisors on matters related to the U.S. Public Health Service (USPHS) Dietitian Category.
- Provide leadership and direction for the USPHS Dietitian Category, advocate for the Dietitian Category, promote professional development, and foster the highest level of commitment to leadership, service, excellence, and integrity for the officers serving in the Dietitian Category.
- Work in partnership with the CCHQ, agency leaders/liaisons, and other charter groups on matters that impact all categories in the USPHS.
- Strengthen relationships with counterparts from other Federal Agencies, Uniformed Services, professional organizations, and academia professions.
- Subject matter expert within Dietitian Category informing the development, review and operationalization of policies and procedures impacting recruitment, retention, and career development for the USPHS.
- Provide senior leadership and guidance to the USPHS Dietitian Professional Advisory Committee.

2022-Present

***Acting Chief Clinical Dietitian* - Central Office Health Services Division: Department of Justice, Federal Bureau of Prisons**

2110 East Center Street
Rochester, Minnesota 55904

Primary Duties
- Serve as the subject matter expert for the agency in all aspects of clinical nutrition practice.
- Oversee nutrition evaluations, diagnosis, treatments, and programs for patients suspected of having clinical nutrition disorders at all non-medical referral centers (MRCs).
- Serve as an advisory or in a consultative relationship to other health care professional in performing evaluations, administering care or making recommendations for care.
- Assist with training of institutional health service and food service professionals as needed and provides appropriate instruction to institutional staff in matters relating to clinical nutrition and maintenance of an optimal therapeutic environment.
- Perform quality assurance audits, staff assists, technical assistance visits, Focus Reviews, leading and participation in workgroups, or follow-up evaluations on clinical or administrative clinical nutrition issues identified by Program Review, The Joint Commission, National Commission on Correctional Health Care, Regional Health Services Administrators, Regional Medical Directors, or other internal or external reviews/reviewees.
- Serve as specialist-consultant to all BOP non-MRCs for advanced-level medical nutrition therapy overseeing a wide-range of the most complex and/or high-risk patients throughout the agency requiring specialized nutrition interventions for a multitude of acute and chronic diseases.
- Provide direction, technical information and consultation to the agency's health services administrators, clinical directors, staff physicians, food service administrators, etc. regarding matters of clinical nutrition for all non-MRCs.

2013-Present

Chief of Nutrition and Dietetics **- Central Office Health Services Division: Department of Justice, Federal Bureau of Prisons**

2110 East Center Street
Rochester, Minnesota 55904

Primary Duties
- Nutritional management of 145,000 federal inmates for the Nation's largest correctional system
- Serve as lead agency-level expert consultant on nutrition and food service-related issues and provide nutrition consultation to correctional executives
- Lead planning, administration, and direct nutritional oversight and analysis of BOP National Menu
- Oversee BOP Tele-Nutrition programming
- Direct supervision and oversight of agency Chief Clinical Dietitian and Geriatric Nutrition Specialist
- Develop nutrition and food service-related training for staff and inmates at the National, Regional, and institutional levels to include conference agenda development, curriculum development, and virtual and onsite instruction for the BOP National Training Center
- Provide BOP Central Office, Regional Office, and institutional Senior Executive Staff, Attorneys, Wardens, and Clinical Directors with expert opinions on correctional nutrition-related medical and food service issues and administrative remedy processes
- Perform as agency senior subject matter expert on clinical and public health nutrition policies, systems, procedures, and activities
- Oversee standardized medical diet plans for approximately 115 non-medical center institutions within the agency
- Assist Senior Executive Staff in the drafting of foreign and domestic intergovernmental and departmental legal and budgetary communications including Senatorial, Congressional, Department of Justice, Government Accountability Office, U.S. Attorneys' Offices, and Office of the President responses
