Consultancy Profile

Ear, nose and throat consultant with more than 40 years of clinical, surgical, academic, and departmental leadership experience, retired from clinical practice in October 2025. Served as Consultant and Head of the ENT Department at Al-Mana General Hospital, Saudi Arabia, and performed thousands of ENT surgical procedures across rhinology, otology, pediatric ENT, head and neck surgery, and facial plastic surgery.

Available for consultancy and advisory engagements, with emphasis on expert witness and medico-legal review: independent record review and written opinions, conducted fully remotely. Consulting expert work of this kind does not require U.S. medical licensure in most states; testifying engagements are subject to the rules of the forum state and are assessed case by case.

Consultancy Focus

- Expert witness / medico-legal review — ENT malpractice and injury cases; independent record review and written opinions, fully remote.
- Medical writing and education — CME modules, patient education content, and device company materials.
- Second-opinion advisory — international second opinions through second-opinion platforms.
- Advisory boards and teaching — pharmaceutical and device advisory work, mentoring, and board-style examination training.
