## EXPERT MEDICAL WITNESS PROFILE

Board-certified Internal Medicine physician with more than ten years of continuous inpatient hospital medicine experience at a large tertiary academic medical center. Currently serves as Hospitalist Medical Director at Newark Beth Israel Medical Center. Recognized for clinical excellence and leadership as **Physician of the Year (2025)**. Provides objective, evidence-based expert opinions for plaintiff and defense counsel in medical malpractice and professional negligence matters.

Expert services include comprehensive medical record review, Affidavits of Merit, expert statements, causation analysis, and testimony support. Opinions are grounded in real-world hospital practice, current clinical guidelines, and hospital quality and safety standards.

## EXPERT WITNESS EXPERIENCE

### Expert Medical Witness & Consultant (2024 – Present)

- Medical malpractice and professional negligence case review for plaintiff and defense counsel
- Preparation of Affidavits of Merit, including New Jersey-compliant affidavits
- Written expert opinions addressing standard of care, deviation, causation, and damages
- Analysis of inpatient clinical decision-making, documentation, escalation of care, and systems issues
- Case categories include delayed diagnosis, failure to treat, sepsis management, inpatient deterioration, medication management errors, and hospital-acquired complications

## CLINICAL & ADMINISTRATIVE EXPERIENCE

### Newark Beth Israel Medical Center – Newark, NJ

#### Hospitalist Medical Director | 2016 – Present

- Oversight of hospitalist service operations, scheduling, credentialing, and physician performance
- Leadership within hospital quality, safety, utilization, and peer review processes
