SUMMARY

Leading substance abuse industry drug and alcohol testing authority with over 30 years of industry experience, serving as an expert witness, litigation consultant, and policy advisor in matters involving workplace drug testing, impairment assessment, and regulatory compliance. Proven expertise in federal and state drug testing law, including DOT, SAMHSA, ADA, cannabis, and state-specific regulations. Extensive background in designing compliant, defensible testing programs, and providing authoritative opinions involving wrongful termination, discrimination, and workplace safety claims. Skilled in translating complex scientific, regulatory, and operational issues into clear, court-ready testimony. Nina is a frequent presenter and author as a workplace safety and drug testing expert. Ms. French has served as the past President of the Drug & Alcohol Testing Association (DATIA) and is currently a member of the Scientific Advisory Board of the Impairment Science Organization (DRUID).

Regulatory and Standards Development
Industry Best Practices & Accreditation Standards

PROFESSIONAL EXPERIENCE

DRUG TESTING LITIGATION EXPERT

Capwell Consulting Group | St. Augustine, FL | Sept 2025 - Present

- Provide expert witness testimony and litigation support in cases involving drug testing, workplace safety, wrongful termination, and negligence claims.
- Consult on the development of regulatory standards, accreditation guidelines, and industry best practices for workplace drug and alcohol testing.
- Cannabis industry drug testing expert with understanding of complexities and compliance with cannabis drug testing.
- Advise legal teams on compliance with DOT, SAMHSA, ADA, and state-specific substance use testing regulations.
- Review of implementation of workplace substance use testing policies and programs, including impairment and cognitive testing protocols.
- Consult clients on the defensibility of device data and testing procedures in litigation.

FOUNDING PARTNER

Inflection Point Consulting Group | Philadelphia, PA | Oct 2023 – Present

Inflection Point Consulting Group partners with organizations to navigate complex business challenges and drive sustainable growth. The firm provides strategic guidance, operational insights, and tailored solutions that help clients optimize performance, manage risk, and capitalize on key opportunities.

- Provide consulting in drug testing, impairment, and workplace safety.
- Advise on technical, scientific, and compliance issues in drug and alcohol testing.
- Conduct program reviews for compliance with DOT, SAMHSA, ADA, and state-specific regulations.

CHIEF EXECUTIVE OFFICER

Neopharma Technologies | Philadelphia, PA / Australia | Aug 2024 - May 2025

Neopharma Technologies, based in Perth, Australia, develops advanced drug and impairment testing solutions for workplace safety and health diagnostics. Their flagship platform, Neovault is a device-agnostic, AI-enabled point-of-care system that digitizes test data, automates reporting, and ensures compliance with global security and regulatory standards.

- Directed R&D and commercialization of AI-powered drug and alcohol testing devices integrated with cognitive impairment.
- Ensured compliance with global regulatory standards for workplace safety and drug testing technologies.

- Consulted with legal and compliance teams on the defensibility of device data in litigation contexts.

PRESIDENT, EMPLOYER & LAW ENFORCEMENT SOLUTIONS

Hound Labs, Inc.| Fremont, CA | Feb 2020 - Oct 2023

Hound Labs Inc. is a health technology company specializing in advanced breath analysis solutions. Their proprietary technology measures trace molecules in breath to provide objective, near real-time insights that help organizations enhance safety, compliance, and overall well-being in the workplace and beyond.

- Lead marketing strategist for the first cannabis breathalyzer, focusing on evidentiary use and legal defensibility.
- Provided subject matter expertise to legal counsel, policy makers, and corporate compliance teams.
- Represented the company as an industry expert in presentations, industry panels, and media interviews.

CO-FOUNDER & MANAGING PARTNER

The Current Consulting Group| Meadowbrook, PA | Feb 2014 – Jan 2020

The Current Consulting Group provides specialized consulting in employee screening and compliance services. The firm helps screening providers grow their business while assisting employers in navigating drug testing regulations, policy development, and regulatory adherence.

- Consulted for attorneys, employers, and industry stakeholders on drug testing programs, product design, and regulatory compliance.
- Developed defensible workplace policies and testing protocols adopted nationally.

VICE PRESIDENT

First Advantage| Atlanta, GA | Feb 2003 – Jan 2014

First Advantage operates globally, delivering comprehensive background screening, identity verification, and employment risk management services to businesses.

- Oversaw drug-free workplace programs and testing compliance for large-scale employers.
- Developed expert training for legal, HR, and compliance teams on testing protocols.

VICE PRESIDENT OF OCCUPATIONAL HEALTH

Employee Health Programs| Bethesda, MD | May 1992 – Jan 2004

Employee Health Programs administer comprehensive workplace wellness, preventative health, and occupational health services to support employee well-being and productivity.

- Directed substance abuse testing and Employee Assistance Programs for national clients.
- Designed drug and alcohol testing programs, created services designed to support DOT and non-DOT drug and alcohol testing programs compliant in all 50 states.
- Ensured testing programs met regulatory and evidentiary requirements.

PUBLICATIONS

Frequent contributor to legal and industry publications on drug testing law, impairment assessment, and compliance.

Speaker at national conferences on defensible workplace testing and regulatory compliance.
