Scott Sevart Inc., DBA: Sevart Vocational and Forensic Services
Merrifield, VA
Owner/Vocational Rehabilitation Consultant & Certified Life Care Planner

Determine earning capacity/loss of earning capacity and employability in spousal/child support, employment law, personal injury, product liability, medical malpractice, and worker's compensation cases. Prepare life care plans for those who have experienced catastrophic injury or who have chronic health care needs. Offer private vocational rehabilitation services to both English and Spanish-speaking clients receiving worker's compensation benefits. In the past four years, provide expert testimony in over 32 hearings, depositions, and trials.

July 2013 – June 2018

Aurora Case Management LLC (a division of Everest Care Management)
Parkton, MD
Bilingual Vocational Rehabilitation Consultant

Provided private vocational rehabilitation services to English and Spanish-speaking clients receiving worker's compensation benefits. Interviewed clients and determined their earning capacity in initial reports, vocational rehabilitation plans, and labor market surveys. Some clients had previous involvement with the criminal justice system including D.U.I.'s and other offenses. Clients suffered a variety of injuries, including traumatic brain injury, shoulder, arm, hand, low back, leg, knee, foot, psychological and amputations. Administered English and Spanish vocational tests including WRAT and CAPS and wrote and instituted vocational rehabilitation plans. Performed job seeking skills training, wrote professional resumes, instructed clients in essential computer functions, assisted them to identify employment opportunities in the public and private sectors, and completed applications. Requested employment accommodations under the Americans with Disabilities Act of 1990 and the ADA Amendments Act of 2008. Provided interpretation services, and worked as an intermediary between clients, attorneys, insurance companies, medical providers and employers informing each of the client's medical and vocational progress.

Identified suitable jobs and placed clients in appropriate employment opportunities. Followed-up with the employer and cell placement to ensure a successful return to work. Testified at depositions and hearings.
