Research and Scholarship

Research

- 2024** Reflex Mechanism Underlying Syncope. Case Series Dr. Benditt
- 2023-2025** Reliability Study on ROAR Seizure Testing Protocol and Feasibility Study. **Principal Investigator Sima Patel** and Co-PI Thomas Henry, David Darrow, and Alex Herman. Advisor to Amerta Bai (neurology resident), Keshin Vishan, and Daniel Pyzdrowki (UMN medical student). Mitch Mueller (Premed undergraduate student)
- 2022 – 2025** Standardized Seizure Testing Protocol and Feasibility Study. **Principal Investigator Sima Patel** and Co-PI Thomas Henry, David Darrow, and Alex Herman. Advisor to Amerta Bai (neurology resident), Paul Wang, Keshin Vishan, and Daniel Pyzdrowki (UMN medical student)
- 2022 – 2024** DEI chair experience at University of Minnesota. **Principal Investigator Sima Patel** and Co PI Katie Lingras. Grant funded research project.
- 2021 – 2023** Characterization of the use and extent of concentration fluctuation of lamotrigine in postmenopausal women with epilepsy. **Co-Principal Investigator Sima Patel** and Dr. Angela Birnbaum and mentor to Charul Avachat graduate student pharmacy. Building Interdisciplinary Research Careers in Women's Health (BIRCWH)/Women's Health Research program. Grant \$35,000
- 2020 – 2023** Antiepileptic Drug Levels and Age. Study 00010793, Advisor to Stephanie Reeder (Neurology PGY4 and Epilepsy Fellowship candidate), **Advisor and Co-investigator Sima Patel**. Grant funded research project.
- 2020 – 2022** Center for Women in Medicine and Science (CWIMS) Focus Group for Women Faculty Career Advancement. **Co-investigator and Advisor** to Corinne Praska (Medical Student)
- 2020 –2023** Health Science Faculty COVID-19 Survey: Investigating Gender Differences in the Impacts of UMN COVID-19 Response on Work, Life, and Academic Productivity. **Principal Investigator Sima Patel**
- 2020 – 2021** Antiepileptic Drug Levels and Post-Partum Toxicity in Women with Epilepsy. Advisor to Leslie Siegel (pharmacy student, graduated 2020 to residency) and Co-investigator
- 2019 – 2024** Women in Neurology Gender Equity Study. Advisor to Cynthia Zheng (UMN), Ailing Yang (Harvard), and Annie He (Harvard). Multi-site (19 Neurology centers) Gender Equity Study. **Principal Investigator Sima Patel**
- 2019 – 2020** Principal Investigator. UCB Pharma. EP0092 and EP0093 Study. [Trial ended due to poor outcome data]
- 2019 – 2020** Principal Investigator. NCGS. XENON Study. [Site participation was withdrawn due to COVID]
- 2019 - 2022** CBD pharmacokinetics Study. Co-investigator
- 2016 – 2023** Influence of genetic variants on anti-seizure drugs in epilepsy patients. Co-investigator, IRB CR00008125. Advisor to Alise Carlson (medical student graduated 2015).
- 2010-2012** **Principal Investigator Sima Patel**, Cleveland Clinic Neurological Institute Research Project Pilot Grant, Impact of Hormone Sensitivity and Reproductive Status on Surgical Outcome on Women with Intractable Focal Epilepsy. Grant funded research project.
- 2003-2004** Incidence of breast cancer in women using mobile mammography in Chicago, IL.
- 2001** Stress management among health care providers working with high-risk HIV patients in University of Illinois. Chicago, IL
- 2001** Healthcare needs of minority and international students survey in University of IL.
