February 2026

Board-Certified Emergency Medicine Physician with almost 18 years of continuous full-time active clinical practice. Clinical experience includes trauma centers, academic institutions, community settings, freestanding EDs and rural hospitals. **Initial medical malpractice case reviewer for one of the largest national physician staffing agencies.** Experienced teacher. Fellowship trained by the Academy of Wilderness Medicine (FAWM) on subjects such as hypothermia, drowning, frostbite, heat stroke, altitude illness, and bites from poisonous animals. Currently a candidate for a Diploma in Dive & Marine Medicine (DiDMM) with a further focus on dive injuries such as decompression sickness a.k.a. "the bends." Co-inventor of a novel endotracheal device (RSI Prime, LLC; patent pending) that incorporates an adapted carbon dioxide detector with a modified bougie (an adjunct for difficult airways). Experienced expert witness at both deposition and trial.

PROFESSIONAL EXPERIENCE

Associate Physician

Independently evaluate undifferentiated emergency presentations, apply evidence-based standards of care, supervise clinical teams, and make diagnostic, treatment, and disposition decisions. Includes significant experience in both the main campus Emergency Department and the Freestanding Emergency Departments in all three hospital systems.
