

Tom LeTourneau, L.P.O., C.P.O., F.A.A.O.P.

Summary of Expertise

- Over 45 years of experience in the highly specialized field of orthotics and prosthetics, extending from day-to-day operations of a multimillion-dollar orthotics and prosthetics firm to the manufacturing and design of orthotics and prosthetics at all levels.
- 25 years of experience working with both plaintiff and defendant law firms throughout the United States in all aspects of prosthetics and orthotics.
- Intimately knowledgeable in prosthetic and orthotic manufacture, design, application, coding, billing, pricing, business applications, patient care, and orthotic clinical practice and management, component prescription recommendation, and selection and utilization for all patient ages and levels of function.
- Extensive work in coding and pricing of orthotics and prosthetics with life care planners, attorneys, and actuaries.
- Special manufacturing certifications in myoelectric prosthetics, microprocessor prosthetics, and orthotics.

- Experience in the design and fitting of all levels of amputations.
- Designed the "acti-ankle," "STealth A.F.O.," smart walker" and "No more knee pain" brace.
- Certification by the American Board of Orthotist and Prosthetists, State of Texas Licensure, and Fellow of the American Academy of Orthotist and Prosthetists.
