

April 2026

*Yogita Sharma-Segon, M.D,M.Ed,FACP
Associate Professor of Medicine
Division of Hospital Medicine
Department of Medicine*

HOME ADDRESS: 6306 Almeria Circle
San Antonio, Texas 78257

OFFICE ADDRESS: Audie L. Murphy VA Medical Center
7400 Merton Minter
San Antonio, Texas 78229

CITIZENSHIP: USA

EDUCATION:
11/1999-08/2005 M.B.B.S., Kasturba Medical College (KMC)
Manipal University, India

POSTGRADUATE TRAINING:

08/01/2010-
06/20/2011 Internship, Family Medicine Residency
University of Pittsburgh Medical Center
Altoona, Pennsylvania

07/01/2011-
10/21/2014 Residency, Internal Medicine,
Medical College of Wisconsin Affiliated Hospitals
Milwaukee, Wisconsin

10/2016-06/2017 Faculty scholars' program, Teaching safety and quality
improvement,
Medical College of Wisconsin, Milwaukee
*It is a competitive enrollment quality improvement course
conducted by the department of quality. It has about 20
participants, runs for duration of six months and requires
completion of quality improvement project for completion. My
abstract on project "Does knowledge of time of discharge
increase timeliness of discharge order placement?" was ranked
as best abstract of the year.*

08/2017-06/2026 Masters in Medical Education (M.Ed.)
University of Cincinnati, Ohio

FACULTY APPOINTMENT:

2/15/2015-06/30/2021 Assistant Professor of Medicine
Section of Perioperative and Hospital Medicine, Division of
General Internal Medicine, Medical College of Wisconsin,
Milwaukee, Wisconsin

08/20/2021-present Associate Professor of Medicine
Division of Hospital Medicine
Audie L. Murphy VA Medical Center
San Antonio, Texas

09/01/2021-present Adjoint Associate Professor
Division of Hospital Medicine
University of Texas Health San Antonio, Texas

03/01/2022-present Associate Professor of Medicine
Division of Hospital Medicine
University Hospital, San Antonio, Texas

EDUCATIONAL ADMINISTRATIVE APPOINTMENTS:

05/2018-06/2021 Director of Hospital Medicine Elective Course
Section of Hospital Medicine, Division of General Internal
Medicine, Medical College of Wisconsin, Milwaukee, WI
*Direct an inpatient hospital medicine elective for fourth
year medical students, 1-2 medical students every month*

07/2018 -06/2021 Director, American College of Physicians (ACP) Saturday
Morning Rounds, ACP Wisconsin Chapter
Medical College of Wisconsin
Milwaukee, Wisconsin
*1-3 pre-clinical students from FMLH, Green Bay and Central
Wisconsin round with medicine house staff teams at Froedtert
Hospital*

Section of Perioperative Medicine,
Division of General Internal Medicine,
Medical College of Wisconsin
Milwaukee, Wisconsin
*Direct a consult/perioperative co- management medicine
elective for internal medicine residents and orthopedic
residents, 2-3 residents rotate per month*

02/2019-06/2021 Director of Perioperative Medicine Student Elective
Section of Perioperative Medicine
Division of General Internal Medicine
Medical College of Wisconsin, Wisconsin
*Direct a consult/perioperative co- management medicine core
clerkship rotation for third year medical students (started in*

- 07/2019-12/2020 *April, 2019) and elective for fourth year medical students, 1-2 students rotate per month*
 Co-director of Foundations of Clinical Medicine Course
 Medical College of Wisconsin
 Milwaukee, Wisconsin
Mandatory annual course for all first-year medical students (around 250 students) introducing them to basics of clinical medicine. This course runs for about 24 weeks during fall semester with weekly large group didactics followed by small group workshops with simulated patients.
- 01/2021-06/2021 Director of Foundations of Clinical Medicine Course
 Medical College of Wisconsin
 Milwaukee, Wisconsin
- 07/1/2022-present Clinical Skills course core faculty facilitator
Clinical Skills is a longitudinal module throughout the first and second-year of medical school that covers basic and advanced history taking skills, basic and advanced physical exam skills, application and interpretation of diagnostic tests, and professional development as a physician. It runs as a weekly half afternoon session from June through May
- 08/1/2022-present Co- Director of Perioperative Medicine Rotation
 Division of Hospital Medicine
 Audie L. Murphy VA Medical Center, San Antonio, Texas
Mandatory 4-week inpatient rotation for all third-year internal medicine residents, 2-3 residents rotate every month
- 07/1/2024-present Synthesis course core faculty facilitator
Synthesis is a longitudinal module throughout second-year of medical school that covers advanced history taking skills, advanced physical exam skills, application and interpretation of diagnostic tests, and professional development as a physician. It runs as a weekly half morning session from June through May

CLINICAL ROLES:

- 02/15/15-06/30/21 Attending physician on General Internal Medicine inpatient teams,
 Froedtert Memorial Lutheran Hospital, Milwaukee, Wisconsin
- 07/2018-06/2021 Attending physician, Perioperative Medicine and surgical-co management inpatient team,
 Froedtert Memorial Lutheran Hospital, Milwaukee, Wisconsin
- 07/2018-06/2021 Attending physician, pre-operative clinic, Froedtert Hospital,
 Milwaukee, Wisconsin
- 08/20/21-present Attending physician on Hospital Medicine inpatient teams,
 Audie L. Murphy VA Medical Center, San Antonio, Texas

HOSPITAL STAFF PRIVILEGES:

02/2015–06/2021 Froedtert Memorial Lutheran Hospital, Milwaukee, Wisconsin
09/2021-present Audie L. Murphy VA Medical Center, San Antonio, Texas

SPECIALITY BOARDS AND CERTIFICATION:

<u>Board Certified</u>	<u>Issue Date</u>	<u>Expiration date</u>
American Board of Internal Medicine	08/2016	07/2026

<u>Licensure</u>	<u>Number</u>	<u>Issue Date</u>	<u>Expiration date</u>
Wisconsin Medical License	57350	06/13/2012	10/31/2021
Texas Medical License	T1841	05/2021	05/31/2027

QUALITY IMPROVEMENT AND CLINICAL DOCUMENTATION INTEGRITY:

10/2016-06/2017 Completed Faculty scholars' program, Teaching safety and quality improvement, Medical College of Wisconsin, Milwaukee
It is a competitive enrollment quality improvement course conducted by the department of quality. It has about 20 participants,
runs for duration of six months and requires completion of quality improvement project for completion. My abstract on project "Does knowledge of time of discharge increase timeliness of discharge order placement?" was ranked as best abstract of the year.

05/2023 Completed online "Utilization management and Clinical Documentation" module by Society of Hospital Medicine
<https://www.shmlearningportal.org/content/2021-utilization-management-and-clinical-documentation-hospitalists#group-tabs-node-course-default1>

06/2023-present Member of Quality Committee for in-hospital Mortality
Audie L. Murphy VA Medical Center, San Antonio

06/27/23-11/30/23 Completed Clinical Documentation Integrity Bootcamp (online)
<https://hcmarketplace.com/clinical-doc-integrity-boot-camp-online>

AWARDS AND HONORS:

04/2012 "Best of RIV (research, innovation and vignettes) posters" finalist by the Society of Hospital Medicine

06/2017	<i>An unusual and terminal cause of syncope</i> Best abstract Faculty Scholars in Quality and Safety program, Medical College of Wisconsin <i>Does knowledge of time of discharge increase timeliness of discharge order placement?</i>
12/2017	Faculty Development Award <i>Competitive award open to all Department of medicine faculty. I received this award to present my abstracts at a national meeting</i>
11/2018	Medical College of Wisconsin Outstanding Medical Student Teaching Award,2017-18
04/2019	Nominated for Edward J. Lennon Endowed Clinical Teaching Award
05/2019	Faculty Development Award <i>Competitive award open to all Department of medicine faculty. I received this award to complete a course in my ongoing Masters of Medical Education.</i>
12/2019	Educator for the year 2019 nominee by section of Peri-operative Medicine
01/2020	American College of Physicians Fellowship <i>I was invited and granted this fellowship by American College of Physicians. It is a distinction earned from colleagues for excellence and contributions made to both medicine and to the broader community where clinician practices.</i>
08/2020	Edward J. Lennon Endowed Clinical Teaching Award <i>This award is given annually by Medical College of Wisconsin Society of Teaching Scholars. It is given to recognize MCW faculty member in the earlier part of their career who have clearly "made a difference" in the teaching programs of MCW.</i>
12/2020	Medical College of Wisconsin Outstanding Medical Student Teaching Award,2019-20
02/2025	Educator of the Year Award <i>This award is awarded annually by faculty peers in the Division of Hospital Medicine to one faculty member from the VA</i>

MEMBERSHIPS IN HONORARY AND PROFESSIONAL SOCIETIES:

04/2015-06/2020	American College of Physicians
05/2017-present	Society of Hospital Medicine
07/2020-present	Society for Perioperative Assessment and Quality Improvement (SPAQI)
05/2023-present	The Association of Clinical Documentation Integrity Specialists (ACDIS)
06/2023-present	The American Health Information Management Association (AHIMA)
06/2023-present	American Board of Quality Assurance and Utilization Review

Physicians (ABQAURP)

LOCAL/REGIONAL ELECTED/APPOINTED LEADERSHIP AND COMMITTEE POSITIONS:

- 05/25/16 Hospitalist Representative, Froedtert & the Medical College of Wisconsin Comprehensive Pain Management Strategic Planning Retreat
Multidisciplinary system wide retreat focused on outlining different protocols to manage post-operative pain and opioid use in inpatient and outpatient setting
- 04/2017-06/2021 American College of Physicians Wisconsin chapter, International Medical Graduates Committee
This committee has responsibility to educate and lead international medical graduates working as physicians to grow in all skill areas necessary to be an excellent physician by conducting regular meetings and workshops. It also advocates for IMG physicians at regional and national level.
- 09/2017 Poster Judge, ACP Chapter meeting, Wisconsin Dells
09/2017 Poster Judge, Society of General Internal Medicine Midwest meeting, Chicago, IL
- 07/2019 Abstract Reviewer, American College of Physicians Wisconsin Chapter
- 07/2019-06/2020 Director of Membership, Society of Hospital Medicine Wisconsin Chapter
As a director of membership, I helped promote Society of Hospital Medicine, and engage early career hospitalists, residents and students into SHM. I worked with leadership to develop new strategies to increase membership base for the society. We also conducted about 4-5 workshops a year by renowned speakers covering vast variety of topics ranging from peri-operative medicine to healthcare policy.

COMMITTEE SERVICE

- 08/2017-06/2020 Member, Admissions Committee, Medical College of Wisconsin
Responsibilities included recruitment of medical students by screening applicants, one on one interviews with invited candidates and policy meetings throughout the academic year
- 01/2023-06/2025 Member, Clinical Competency Committee triad (CCC), Internal Medicine residency program, University of Texas, San Antonio
Responsibilities include reviewing the last six months' worth of evaluations twice a year on select residents and present findings to CCC
- 08/2022-present Member of UT Health Annual Hospital Medicine CME planning committee
- 06/2023-present Member of VA SAIL SMR30 Committee (Strategic Analytics for

Improvement and Learning-Standardized Mortality Ratio 30-Day. During these monthly meetings, all areas of mortality are reviewed including root cause analysis of index event
Audie L. Murphy VA Medical Center, San Antonio
08/2025- present Member of Wellness Committee for Section of Hospital Medicine

FACULTY DEVELOPMENT/HOSPITAL MEDICINE FELLOWSHIP

10/2018 Participant, Academic Hospitalist Academy
Society of Hospital Medicine
Every year general internal medicine division chief at Medical college of Wisconsin, hand-picked 1-2 faculty to attend this out of state three-day course which is all paid for. It is organized by leading national experts on hospital medicine. It focuses on various aspects of hospital medicine ranging from how to increase your teaching effectiveness to leading quality improvement projects.

09/2019
-03/2020 **Segon Y, Liljestrom T.** *Teaching in inpatient setting-monthly workshop series.*
Division of General Internal Medicine learning academy, Medical College of Wisconsin, Milwaukee
I created and implemented curriculum for these monthly one-hour long workshops which spanned over six months. I collaborated with other faculty and department of pediatrics at Children's Hospital of Wisconsin. These were part of faculty development program for division of General Internal Medicine and Department of Pediatrics, where we covered topics like providing effective feedback to learners, building effective mini-lectures, rounding at bedside, team and time management on inpatient wards, write effective letters of recommendation, process of promotion, nuts and bolts of academic medicine and how to set up a quality improvement project. These were very well received by faculty with enrollment of over 40 faculty. These sessions were continued as part of onboarding process for new faculty starting since July, 2020.

07/2021-present Core faculty for Division of Hospital Medicine Faculty development Program
Division of Hospital Medicine, University of Texas, San Antonio
I do two talks/year on building effective mini-lectures and giving feedback to learners as part of the division onboarding program

09/2022-11/2022 Stanford Faculty Development Course
Audie L. Murphy VA Medical Center, San Antonio
I was chosen for this seven-week course, designed as series of

Workshops focusing on different educational categories as Learning climate, control of session, evaluation, feedback etc. to enhance participants versatility as teachers and to enhance their ability to analyze clinical teaching using an educational framework

05/2023-06/2024 Core faculty for Hospital Medicine Fellowship
Division of Hospital Medicine, University of Texas, San Antonio
I am involved in implementation and assessment of curriculum for Hospital Medicine fellowship program which trains 2-4 fellows per year

RESEARCH GRANTS/AWARDS/CONTRACTS/PROJECTS:

Topic: Cross Sectional Study on Immunization Practices among Private Practitioners
Role: Member of project team
Dates: 07/2004-06/2005
PI: Dr. Venkatesh Pai
Location: Manipal University, India

Topic: Mechanisms of atrial fibrillation
Role: Member of project team
Dates: 05/2007-06/2008
PI: Dr. Rishi Arora
Dr. Gary Aistrup
Location: Division of Cardiology, Feinberg School of Medicine, Northwestern University, Chicago, IL

Topic: Specific antibody response to immunization in immunocompromised and immunocompetent subjects
Role: Resident investigator
Dates: 06/2012-12/2013
PI: Dr. John Routes
Location: Department of allergy and Children's Hospital of Wisconsin, Milwaukee, WI

Topic: Academic hospitalists and dynamic feedback-A qualitative study
Role: Member of project team
Dates: 08/2015-04/ 2016
PI: Dr. Ankur Segon
Location: Medical College of Wisconsin, Milwaukee, WI

Topic: Dynamic feedback in the inpatient setting to improve HCAHPS

scores-A quality improvement study.
Role: Member of project team
Dates: 09/2015-12/2015
PI: Dr. Ankur Segon
Location: Medical College of Wisconsin, Milwaukee, WI

Topic: Dynamic feedback and discharge time on GIM floors -A Quality Improvement project
Role: Principal investigator
Dates: 10/2016-12/2016
Location: Froedtert Hospital

Topic: Impact of institutional TTE guidelines on same day surgery cancellations-Retrospective study
Role: Member of project team
Dates: 12/2016-06/2018
PI: Dr. Hiro Kato
Location: Froedtert Hospital

Topic: Predictors of early readmissions-Retrospective study
Role: Member of project team
Dates: 12/2016-06/2018
PI: Dr. Hiro Kato
Location: Froedtert Hospital

Topic: Developing a model for teaching rounds-mixed methods needs assessment study
Role: Member of project team
Dates: 12/2016-06/2018
PI: Dr. Hiro Kato
Location: Froedtert Hospital

Topic: Creating virtual cases to teach key cross cover skills to for acting interns
Role: Member of project team
Dates: 02/2017-03/2021
PI: Dr. Ankur Segon
Location: Froedtert Hospital

Topic: Optimizing medical student learning experiences on hospital Medicine teams-A Qualitative Study
Role: Principal Investigator
Dates: 03/2018-01/2019
Location: Froedtert Hospital

Topic: Discharge when medically ready
Role: Member of project team
Dates: 03/2018-12/2019
PI: Verna Seitz
Location: Froedtert Hospital

Topic: Teaching in inpatient setting for academic hospitalists-
Curriculum development
Role: Principal Investigator
Dates: 01/2019-03/2020
Location: Froedtert Hospital

Topic: Direct-Care Apprenticeship Model
Role: Member of Project team
Dates: 04/2019-06/2021
PI: Dr Amulya Nagarur
Location: Medical College of Wisconsin, UT Southwestern Medical
Center and Harvard Medical School

Topic: Improvement in the Quality & Standardization of an Internal
Medicine Residency VA handoff tool
Role: Faculty facilitator
Dates: 08/2022-05/2023
Location: Audie L. Murphy VA Medical Center, San Antonio

Topic: Evaluation of perioperative medicine curriculum after redesign
Role: Principal Investigator
Dates: 04/2023-06/2024
Location: Audie L. Murphy VA Medical Center, San Antonio

Topic: Use of Artificial Intelligence by Faculty in Medical Education
Role: Principal Investigator
Dates: 04/2026- present
Location: University of Texas, San Antonio

12/2024	Medical College of Wisconsin Merritt K, Sharma-Segon Y. <i>"Redesign and evaluation of Perioperative Curriculum"</i> Poster Presentation, Department of Medicine Research Day University of Texas, San Antonio
12/2024	Sharma U, Sharma-Segon Y. <i>"Uncommon presentation of common disease"</i> Poster Presentation, Department of Medicine Research Day University of Texas, San Antonio
02/2025	<i>"Updates in Hospital Medicine"</i> Grand rounds, Department of Medicine University of Texas, San Antonio

TEACHING:

Medical Student Teaching

MS1 Clinical Apprenticeship course preceptor: average 5 sessions per semester

MS1 Bench to bedside teaching Clinical reasoning activity: average 1-2 sessions per semester

MS2 Bench to bedside teaching: around 5-10 sessions per semester

MS2 Foundational capstone course facilitator: 1-2 sessions per semester

MS3 Bedside physical exam rounds facilitator- 1-2 sessions/ year

MS3 Clinical reasoning session: average 3 sessions/year

MS3 Perioperative endocrine management: 12 sessions/year

MS4 Academic half day teaching: average 6 sessions/year

Intern and Resident Teaching

Intern Academic half day-High value care

Intern Academic half day teaching-Perioperative endocrine management: once/year

Resident Academic half day-Perioperative cardiovascular management: once/year

Perioperative endocrine management: monthly lecture

Hospital Medicine fellow teaching

High value care

Perioperative cardiovascular management: once/year

Perioperative endocrine management: once/year

Perioperative cardiovascular management: once/year

Physician assistant/Nurse practitioner teaching

Approach to EKGs

MENTORING:

08/2020-06/2021 I volunteered as 4C program coach (Coaching for Character, Caring and Competence). It is a longitudinal four-year program where you work with four first year medical students from the beginning of their medical school. The program's objectives are to promote student academic achievement, professional development, cultivate student practice of continuous self-reflection, goal setting and lifelong learning. It entails one-on-one monthly meetings with students and once a month group meeting.

10/2022-06/2024 I volunteered for Longitudinal Preceptorship Program. It involves being paired with a first-year medical student for all four semesters including a total of 9 visits. It involves helping students acquire skills to complete histories, physical exams, and organize medical information into standardized written and oral presentations.

07/2022-06/2024 I volunteered to be a faculty mentor for 22 residents along with two other faculty members to guide them through a quality improvement project that they have to complete in one year's time

07/2023-present I mentored medical students on various medical education projects which resulted in scholarship including local and National presentations

COMMUNITY WORK:

2015-2021 Saturday morning clinic, Medical College of Wisconsin, Milwaukee
This clinic is run by medical student volunteers and is dedicated to inner city underserved population. I volunteered as a supervisory attending physician most weekends.

2021-present Aum Ashram, San Antonio
It is a school inspired by vision of Mahatama Gandhi dedicated to Indian cultural classes, yoga and meditation classes and educational workshops for children and adults. I love to volunteer by time there as much as I can.

01/2023-present Treasurer of TIPS SW Chapter (Texas Indo-american Physician Society Southwest Chapter)
TIPS mission is to empower and support local charities through effective networking and collaboration, fostering a stronger, healthier, and more resilient community. It has been a platform to promote networking opportunities while celebrating our common roots and culture.

EDUCATIONAL PRODUCTS:

- 2021-2023: **Segon Y**, Segon A, McCarthy et al. www.crosscovercases.com
Co-developed an online game-based curriculum to teach cross cover skills to 4th year medical students which is now being used at multiple institutions nationally as part of their curriculum (Medical College of Wisconsin, NYMC, Loma Linda University, and SUNY upstate).

EXPERT PANELS:

- 09/2025-present: I am part of list of expert perioperative medicine physicians for physician-only Q&A platform called [theMednet](#), where academic physicians answer questions on nuanced clinical scenarios that come up in daily clinical practice and are not easily answered by UpToDate, PubMed, and AI software. It is designed to be a searchable knowledge database, unlike a traditional forum. I receive 1-2 questions each month.
