Correctional Healthcare Associates at TeamCenturion/ CONREP Forensic Evaluator/ California	August 2023 – January 2025 <i>Supervisor:</i> Sarah Mojtahedi, Psy.D.
--	--

Responsibilities: Conducted comprehensive evaluations to determine whether individuals who have been found Not Guilty by Reason of Insanity, Incompetent to Stand Trial, and Offenders with a Mental Health Disorder, are suitable for treatment in the community or, given their level of risk, require treatment in a locked setting. Additionally, provided treatment planning recommendations. The evaluations took place at various State Hospitals. Consulted with state hospital treatment teams.

Alta California Regional Center

April 2023 – March 2025

Sacramento, CA

Supervisors: Cynthia A. Root, Ph.D.
Catarina Juan Fishman, Psy.D.

Responsibilities: Determined eligibility as guided by the Lanterman Act. Provided psychological evaluations for developmental disabilities (DD). Reviewed conservatorship cases and diagnostic criteria. Provided consultations on issues relating to assessment, cognitive functioning, Autism, mental health, and differential diagnosis. Performed comprehensive chart reviews related to establishing regional center eligibility. Participated on various internal committees and workgroups to provide consultation and training on related DD and mental health issues. Occasionally provided court testimony in eligibility appeal cases. Occasionally provided internal and external outreach presentations and trainings related to regional center eligibility and developmental disabilities. Maintained all required records in compliance with relevant laws, regulations and ACRC policies.

MHM Services, Golden Gate CONREP
San Francisco, CA

October 2022 – April 2023
Supervisor: Natalie Pigliucci, Psy.D.

Responsibilities: Established and maintained effective working relationships with the Judiciary, District Attorneys, Public Defenders, Parole Agents, and local law enforcement officials. Established and maintained effective working relationships with the community agencies that could positively impact community opportunities for CONREP clients. Conducted risk assessments to address client-specific criminogenic risk factors, including identification of warning signs, precursors, warning signs, criminal thinking styles and patterns, and high-risk conditions/situations. Provided and documented services according to CONREP client's service level, at the duration and frequency required by CONREP policy, including forensic individual contacts, group contacts, case management services, collateral contacts, unannounced substance abuse screenings, and annual case reviews (to include urine screening and home visits). Completed clinical notes following any mental health service which indicated the services provided, client's response/interaction, specific problem behaviors, warning signs and/or any pertinent observations, actions taken in response to these. Participated in development and regular review/revision of individualized wellness and recovery treatment plan through multidisciplinary treatment team consultation and collaboration with the client. Was responsible for development and submission of client-specific quarterly Progress and Dispositional Reports to the Courts. Was responsible for development and submission of client-specific Annual Reports to the Courts or Board of Prison Terms. Identified and maintained professional boundaries to preserve the integrity of the therapeutic process and relationship.
