Providing consulting services, general contracting, project management, and jobsite safety serving corporate and private clientele. Responsible for overseeing all aspects of the business including site supervision, office administration, finance, budgeting, and marketing. Work with local, state, and federal officials to ensure regulatory compliance.

Successful completion of more than 600 unique and custom projects. Experience and background range from Owner's Advocate, new custom home construction, interior renovations and additions, green building and energy efficient homes, commercial work, historical renovations, timber-framing, and creating elaborate custom interiors in prestigious estate-sized homes. Highlights include:

- Project management and consulting for VMW Interior Supply, LTD. Acted as a liaison between VMW Interior Supply and general contractor, John Moriarty and Associates. Projects included a \$1.2 million dollar, 269 unit apartment high-rise in Arlington, Virginia, and a \$1.5 million dollar 107 room luxury suite and spa in Alexandria, Virginia. Duties included generating take-offs, presenting estimates, managing project budgets, overseeing project teams, ensuring adherence to blueprints, technical drawings, and precision fit and finish
- Contracted to install custom interior finishes and millwork in a number of very unique and prominent Virginia and Maryland estate homes with budgets ranging from \$1.5 -\$6.5 million, including Salamander Farm in Middleburg, Virginia
- Contracted for high-end residential remodeling. Responsible for total demolition and renovation of kitchens, bathrooms, and other living spaces. Duties include the modification and installation of new and existing electrical components; installing appliances, and the reconfiguration of plumbing supply and waste lines; installation of tile, marble, slate, and granite floors, back-splashes, and countertops; installation of custom cabinetry, craftsmanship of fine woodworking, and complete punch-out duties
- Contracted for the install and build-out of custom staircases, library/ study and home office packages, fireplace mantels, built-in cabinetry, and other high-end custom millwork
- Designed, managed, and constructed a two story addition on a 19th century historic farm house in Loudoun County, Virginia while adhering to the state's historic preservation building codes
- Contracted for crew management and site supervision of framing multiple estate-sized custom homes, residential additions, and complete build-out of commercial office buildings and tenant spaces

2000 - 2002: Gilford Trim and Millwork, Inc.
