American Osteopathic Association	(2007)
Student Osteopathic Medical Association	(2007)
Ohio Osteopathic Association	(2007)
Society of Interventional Radiology	(2014)

## WORK EXPERIENCE

### **EPIC Superuser/Software Consultant** (2011 & 2012) **Grandview Medical Center**

Working with the EPIC electronic medical record software team, I was responsible for educating physicians at multiple hospital sites on how to operate new software. I attended multiple training classes and acquired certification. I was responsible for 24-hour in-house call in order to solve issues for physicians on demand.

### **Lab Instructor, Shawnee State University** (2003) **Dr. Sibyl Herrmann**

Working as a teaching aid within the Department of Biological Sciences at Shawnee State University I was responsible for administering make-up exams, leading dissections, and teaching animal biology material to undergraduate students.

### **Manager** (1999-2006) **239 Auto Group, West Portsmouth, OH**

Working within our family business throughout high school and undergraduate studies I held multiple positions. Some responsibilities included traveling throughout the United States purchasing vehicles at auctions in person, directing international telephone sales, management of online inventory, in-person on-site vehicle sales, operation of large machinery (front end loaders, semi-trailer, etc.) involved with delivery and receipt of vehicles, management of staff, sales consultant, etc. The experience gained working with my family throughout these years still remains the most important life experience I have had. *“Never let formal education get in the way of your learning” – Mark Twain.*
