Re: Dr. David Dantes

Dear Sir or Madam,

I am writing to endorse Dr. Dantes and his services as an expert. To be short and fair: Dr. Dantes was utilized as an expert on short notice. He quickly grasped the case and expertly authored a letter that spoke with authority, common sense, and a clinical passion. The issues were not trivial and the opinions rendered were well grounded.

The case was hotly contested. At mediation, the mediator delivered the letter and shortly thereafter the case moved to a negotiation on the damages. I believe the tide turned when the Defense Industry attorney and adjuster realized that their academic argument about the patient's role in the case and other esoteric nonsense would look silly to a jury when someone like Dr. Dantes is speaking truth to power.

I didn't get the sense that Dr. Dantes was overly punitive or hostile in his opinion nor was he reaching for issues that were not clearly in the record. I have worked with dozens of experts and Dr. Dantes has common sense to spot the issues that matter and can explain why it caused your client's current problem.

I hope to work with him again in the very near future. As a secondary issue, his rates were fair and I think a jury would not hold his compensation against him as it is far from exorbitant.

I would gladly discuss my case with you or be of assistance in any way necessary.

Thank you again for the opportunity to provide this recommendation for Dr. Dantes.

Sincerely,

DANIEL J. FLAHERTY
