

## LISKE Accident & Injury Experts

Expect a different level of conversation with LISKE Accident & Injury Experts. LISKE helps personal injury attorneys and claims management professionals unlock value from simple cases with simple pricing solutions to the very complex, involving multi-disciplined experts. Over 30 years of experience and unwavering objectivity are what truly set us apart. LISKE guides with competence, character and commitment past the overreaching and misinformed opposing side. LISKE reconstructs all accidents and injuries. Anywhere.

Mentoring the next generation of experts

**David Liske, CEO, CPE,  
Principle Associate**

## Our Guarantee

On time, On budget, On target.

The strength of LISKE value lies in the depth of our unique expert roundtable: diverse in backgrounds, education and professional experiences, forming the core LISKE team of forensic experts, powered by next generation technology.

## Our Core Areas of Expertise

### Accident Reconstruction

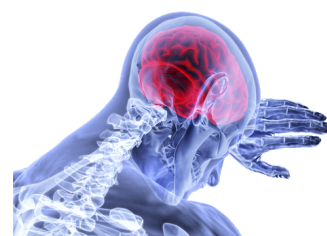

LISKE reconstructs all accidents and injuries, whether at work, at play or during everyday living.

### Human Factors

Human error accounts for 80%-90% liability in all accidents and injuries. Do not under match your causation expert; choose a LISKE Human Factors expert.

### Injury Biomechanics

LISKE Injury Biomechanics experts bridge the gap between engineers and physicians.

**LISKE has helped your competitors unlock value in the settlement of auto, property and casualty disputes. Why not let us help you?**
