Jan. 2008 FKP Limited Liability Company d/b/a Billy Cox Group
TO Navasota, Texas
Present

President & CEO, Consulting Expert-Crash Reconstruction and Impact Biomechanics

In 2008, Mr. Cox formed his own consulting company with a focus on providing reliable, scientifically relevant, unbiased expert consulting services in the areas crash reconstruction and impact biomechanics.

Since 1986, Mr. Cox has served as an expert and consultant in the areas of transportation crash reconstruction, impact biomechanics and crash injury mechanism in motor vehicle crashes. Mr. Cox continuously conducts research to study the effects of impact forces on human volunteers in motor vehicle collisions. His experience, education, training and research have allowed Mr. Cox to provide expert testimony by deposition or in County, State and Federal courts in the United States more than 200 times in the last 28 years. Mr. Cox is frequently invited to speak on the subject of impact biomechanics, crash reconstruction and crash related injury and has provided expert consulting services on two Discovery Channel projects, a feature film project and numerous local broadcast media stories.

Jan. 1999 EFI Global, Inc.
TO Kingwood, Texas
Dec. 2007

Consulting Expert-Transportation Forensic Services

During his tenure with EFI Global, Inc., Mr. Cox served as a testifying expert and consultant in the areas of transportation crash reconstruction, impact biomechanics and injury mechanism analysis associated with motor vehicle components and motor vehicle crashes and as Director of Transportation Forensic Services. Mr. Cox coordinated the distribution of case assignments in the areas of crash reconstruction, biomechanical analysis and crash-related vehicle forensic analysis on a national basis. He was responsible for training engineering staff on proper engineering protocol in the analysis of automobile collisions and automobile related biomechanical analysis. Mr. Cox implemented and supervised national engineering protocol in the area of transportation forensic services while at EFI Global, Inc.

Jun. 1991 Billy Cox & Associates
TO 9000 Southwest Freeway, Suite 400
Jan. 1999 Houston, Texas 77074

CEO-Principal Forensic Analyst

Formed Billy Cox & Associates to provide transportation accident reconstruction and forensic services. Supervised the activities of analysts in the areas of forensic analysis and reconstruction. Provided expert consulting services to various clients in the areas of transportation accident reconstruction, biomechanics and injury mechanisms associated with vehicle components such as restraint and airbag systems. Designed sophisticated equipment to study occupant kinematics, collision dynamics and injury mechanism in low velocity collisions. Supervised and conducted tests to study the effects of impact forces on humans in motor vehicle collisions. Worked as a contract consultant with CARS, Inc. of Fort Worth, Texas and Garrett Engineers of Houston, Texas. Provided expert testimony in County, State and Federal courts in the United States and The Netherlands. Frequently invited to speak on the subject of impact biomechanics, accident reconstruction and vehicle dynamics. Total firm cases: 5500+.

Jan. 1990 **Litigation Support Group**
TO **301 Commerce Street, Suite 2230**
May 1991 **Fort Worth, Texas 76102**

Manager and Consulting Expert-Transportation Forensic Services

Organized new firm that provided transportation accident reconstruction services, video production and 3D animation services, investigations and demonstrative evidence production. Consulted as an accident reconstruction expert and demonstrated abilities in civil proceedings. Testified as an expert in trial and deposition on numerous occasions. Supervised the activities of analysts in the areas of accident analysis and reconstruction. Frequent speaker on transportation accident reconstruction topics. Total firm cases, 200+.

July 1984 **Executive Protective Systems**
TO **801 Cherry Street, Suite 1500**
Jan. 1990 **Fort Worth, Texas 76102**

Manager and Consulting Expert-Transportation Forensic Services

Performed functions related to motor vehicle accident reconstruction for a variety of clients in over 200 cases. Performed accident site inspections, vehicle inspections, prepared reconstruction reports and demonstrative aids. Presented findings for civil court proceedings.

Aug. 1980 **Haltom City Police Department**
TO **Haltom City, Texas**
July 1984

Police Officer/Traffic Accident Investigator

Conducted investigations relating to motor vehicle accidents. Attended over 300 accident scenes during tenure with the police department. From November 1982 to July 1984, assigned to the Traffic Division of the police department. Functions included enforcement of traffic laws and investigation of all motor vehicle accidents.
